Our Development Team.

The Vincent brings together three of the GTA's most respected names in the development industry. Townwood Homes, Guglietti Bros. Investments and Rosehaven Homes, each brings a unique vision and a deep skill set to this landmark address. Each shares an even deeper history and relationship as Guglietti Family companies. Together, these three firms represent a hundred years of satisfied homeowners, and with The Vincent, that record of accomplishment is about to reach a glorious new height.

Established in 1974 with over 45 years of experience in the home-building industry and building more than 15,000 homes throughout southern Ontario, it's no wonder Townwood communities have stood the test of time. Our experts will be with you every step of the way assisting you in finding the perfect home. Our homes are built with integrity and longevity, featuring distinct architectural styles, spacious open concepts & formal designs while consistently maintaining the combination of luxury and ease throughout. Every Townwood community, be it low rise or condo, sets the standard for quality and innovation throughout neighbourhoods in the GTA. No matter how minor or major the task at hand might be, our experienced team of sales, design & build specialists will be with you every step of the way.

Guglietti Brothers Investments Limited is a Real Estate Investment company which was established in 1972. Principals Giovanni, Carmine, Tony and their families have maintained primary investments in Industrial/ Commercial, Land Development, Low-Rise New Home, and now High-Rise Condominium Development. The company has the highest community and professional reputation, always practising important values of professionalism, good work ethics and integrity. Guglietti Brothers Investments Limited and the Guglietti Family has, and continues to support, numerous Hospitals, Charities, Public Retirement Centers and Churches since the company's inception.

INSPIRATION FOR THE VINCENT NAME.

For the Guglietti family, **Vincent** (or Vincenzo in Italian), is an important name, both in their Family History, and also in connection of with their Faith Community Heritage. Sora (named twin city of Vaughan), a town south-east of Rome, and north-east of Naples in Italy, in the Region of Lazio, is where brothers Giovanni, Carmine and Tony Guglietti were all born. Within this Town of Sora, smaller communities were often identified by the specific Church area it encompassed. The dedicated Saint for the Church that the Guglietti Family community belonged to was **Saint Vincent Ferrer** (San Vincenzo Ferreri in Italian), who was born in Valencia, Spain, in 1350, is also recognized as the 'Patron Saint of Builders'...something quite appropriate and appreciated by the Guglietti Family.

This community was not only Religious based, but as importantly, one that brought people together in these small communities for many social events, for education, sports, festivals and social travel along with their Pilgrimages. Values of getting along with one another, working together, helping each other, both within the community and all you come in contact with, was also valued and rooted within this faith based group. Of the people from the St. Vincent Ferrer area, many were proudly named after their Patron Saint. An important one for Giovanni, Carmine and Tony, was their father **Vincenzo**.

The name Vincent is now carrying on with a new generation of Guglietti family members. The Guglietti Family have continued to remain in contact with many of this same community that also immigrated to Canada in the 1950's, and are involved in the Toronto based Saint Vincent Association that continues its celebrations and events regularly, for over 50 years now.

This significant name 'Vincent', is central to the story, and the hearts, of the families and their companies behind The Vincent Condos.

This name is a celebration of continued family values, and importantly, a new celebration of ideas and opportunities for everyone who chooses to call *The Vincent Condos* home.

PHILANTHROPY

The Guglietti Family, together with other families originating from this same area of Sora, since immigrating, have continually been supporting the upkeep of the Church of St. Vincent Ferrer. Of the many philanthropic endeavours that the principles of Guglietti Brothers Investments, Townwood Homes, and Rosehaven Homes have committed to over the years, some examples include Villa Colombo Vaughan (Seniors Home in Kleinburg), Villa Charities, the new Vaughan Hospital, United Way (York Region), Princess Margaret Cancer Centre, Sick Kids Hospital, Oakville Trafalgar Memorial Hospital, Healthy Fam, We Love You Connie Foundation, among many others.
