

PROTAGONIST

ANTAGONIST

		<i>Antagonists are more difficult to deal with (and therefore more real and engaging) if they share some similarities with the protagonist.</i>		<i>Antagonists are the protagonists of their own story. However, not every antagonist will feel antagonism towards the protagonist.</i>			
Positive characteristics they don't share:	Conflict caused by their differences:	Positive characteristics they share:	Conflict caused by their similarities:	Positive characteristics they don't share:	Conflict caused by their differences:		
Negative characteristics they don't share:	Specific examples of conflict:	Negative characteristics they share:	Specific examples of conflict:	Negative characteristics they don't share:	Specific examples of conflict:
