# BACKGROUND

---

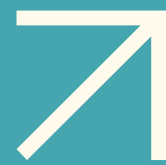

The mission of the Carolina Beach Mural Project is to celebrate our eclectic history, inspire our beach community, welcome and engage visitors and become a destination of ART for Everyone through murals depicting life in Carolina Beach.

Established in 2020, the non-profit organization has installed 20 murals by world-renowned North Carolina Artists. The program has been featured in local and state magazines, PBS' North Carolina Weekend, local news stations and print, and heavily used in the CB Visitors Bureau campaigns.

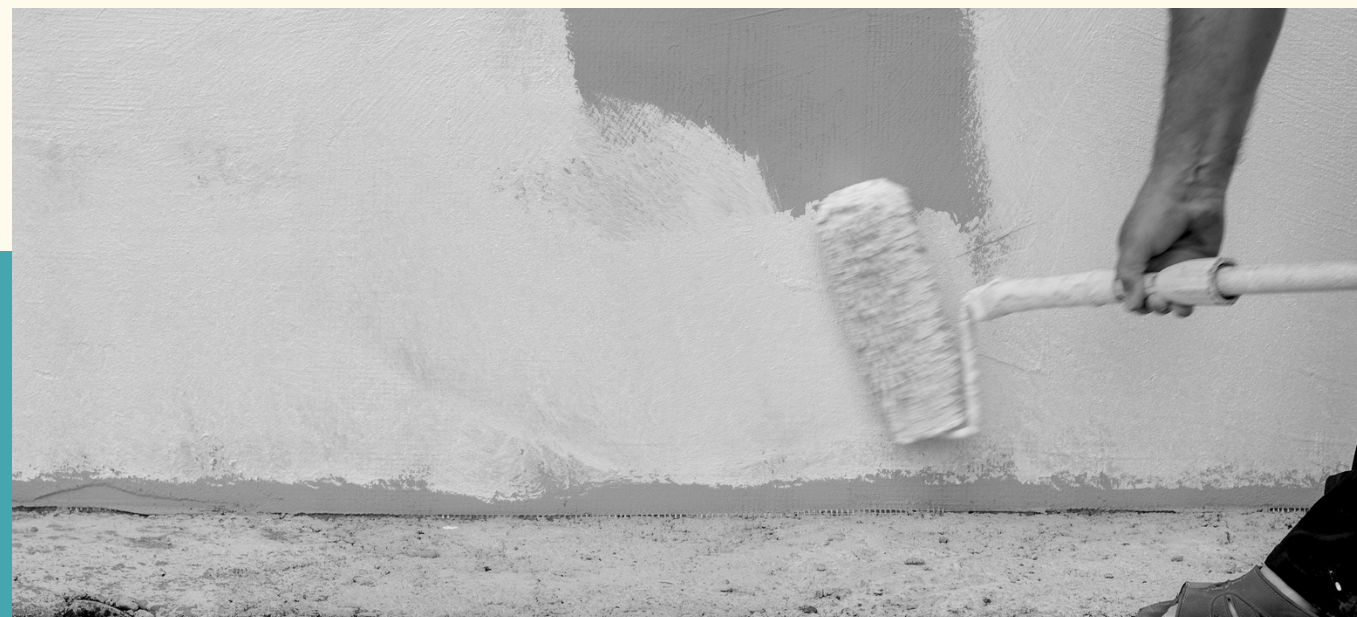

# ABOUT CB100 MURALFEST

CB100 MuralFest allows 16 local Artists and 2 schools to celebrate Carolina Beach & its 100th birthday through art. Artist will paint on 10' x 4' panels to be displayed on the Stingray Stage at the Lake throughout the Summer. Most of the work will be painted LIVE during the event weekend of May 17-18. The 18 panels will be auctioned off in September, with Artists keeping 50% of winning bid.

The weekend of May 17-18 will also include Artist & Vendor tents, Food Trucks, and other festivities.

02

Provide an opportunity for local Artists who may not be ready for a huge project to participate in a CB Mural Project program and gain exposure which will help their career.

03
