instructions for use

ASTRA ADARA

WELCOME

These sigils have been channeled and charged in the ceremony of my own sex magic practice.

Please use them with care either in practice with a partner or yourself.

Using sex magic sigils safely:

- Do not try to bend another person's free will.
- Make space for self care after sessions in case trauma comes up.
- Do not invite any entities that you are not familiar with.
- Cleanse and protect spaces before and after sex magic ceremonies.

INSTRUCTIONS FOR
FOR USE

Physical Use

- Carve one into a candle and burn the candle during your pleasurable acts. Use this candle ONLY for that purpose.
- Draw or paint the sigil on your body. Your chest, stomach, thigh, or anywhere else you would like. If you are with a partner, you can draw them on one another. Be sure to wash it off afterward as to not carry an open portal into your daily life.
- Work with the symbols in your favorite craft. Recreate them in any way you like if you sew, carve, paint, metal work, or draw.
- Simply open the image on your phone and look at it during orgasm!

Psychic Use

One powerful way to use sigils is to hold them in your imagination so that you can visualize them at the point of orgasm.

You can also try to hold them in your visualization state for the entire time you are in pleasure.

This type of imagination may not come naturally to everyone, so you may want to try this exercise if you need to work toward building up that skill.

Stare at the sigil for 30 seconds and close your eyes for 30 seconds. Alternate like this for a few minutes trying to bring the sigil you have been staring at into your "vision" with eyes closed.

Subliminal Use

Sigils are designed to override the subconscious mind and allow the subconscious to work with the intentions of the sigil.

With this in mind, it may be useful to place the sigils in areas of your home and try to "forget" meaning over time.

This can be on a sticky note or directly a material in your home in a place you pass often like your closet, bathroom, or the back wall of your cabinet. Somewhere you can see it but not a place you usually look.

Using these symbols in this way can help amplify their power when you use them directly in your sex magic.
