

## Move-Out Instructions

Your lease end date is fast approaching. The following procedure is required and failure to address these items will result in charges against your Security Deposit:

1. The power and water **MUST** remain on and in service for seven (7) business days after the end date of your lease.
2. All occupants **MUST** vacate the premises on or before 10:00 a.m. on the lease end date with **NO** EXCEPTIONS! To avoid excessive charges against your Security Deposit, the unit should be cleaned, all damages repaired (repairs **MUST** meet the APM quality of standards if done by tenant), forwarding address provided on the Move-out Information sheet, and all keys turned in to APM Clemson office on or before this deadline. Anything that remains undone, after the keys and Information sheet have been turned in to APM, will be deducted from the Security Deposit.
3. Notify APM before moving out of all repairs needed by submitting a maintenance request through the tenant portal. Notification, in writing, of services have been provided by a professional at [info@apmclemson.com](mailto:info@apmclemson.com). A paid receipt is required from the tenant at the time of move-out to get credit for work being done.

The following are examples of items that past resident(s) have been charged for upon Move-Out:

1. Cleaning – There is a basic cleaning charge that covers cleaning sinks, sweeping/mopping, dusting...essentially light housekeeping. To prevent additional charges, pay close attention to the appliances (inside, outside, under, and behind) and vent hood, tubs, sinks, toilets, air filter and register cover, ceiling fans, windows/blinds/window sills, etc.
2. Leaving unwanted items, and/or trash behind.

The SC Real Estate Law states that Landlord (APM Clemson) **MUST** mail security deposits and/or security deposit settlements to the last legal address on file. If you fail to provide a forwarding address in writing by the lease end date, your security deposit and/or settlement will be mailed to the "last known address" we have on file.
