How long have you lived in Idaho?

5 years

The position you are running for?

House Seat A, District 17

What is your reason for running for office?

To do my part for my fellow Idahoans that feel they can't or don't know how to have a voice.

What experience do you have that would help you in office?

A heart, love and passion for God, our country and Idaho. I am great with public speaking and public relations. I have 4 kids that required a lot of patience, listening and problem strategizing which equips me more then I think most career politicians.

Who do you most similarly pattern your policies after and why?

I'd love to say Kristi Noem the Govenor of South Dakota. She is a fair minded, conservative leader that allows the "people" of South Dakota to be the true voices and policy makers of the state. She stands up for the freedoms and constitutional rights of South Dakotans and seems to fight tooth and nail to preserve them. I am not too interested in sharing my opinions, policies or beliefs as I am in hearing the heart, passions, concerns and needs of the people in my district to see how I can take those things to the capitol to bring change. In saying that, my oath to uphold the constitutions of the United States and of Idaho maintain priority and reign supreme

What is the greatest issue Idaho faces today?

I have seen a lot of our God given freedoms be challenged here in Idaho these last few years and watched our supposed leaders support the tyrannical mandates and with no strong basis. I've watched an abuse of power and am concerned that the power hungry leaders in Idaho will continue to strip more and more of the Idahoans constitutional rights away piece by piece.

Who did you vote for for president in the last three elections? (Optional)

Trump, Trump and never voted before in my life prior to that.

What is the proper role of the Federal Government?

To regulate interstate and foreign commerce, declare war and set taxing, spending and other national policies.

If you could change one thing the current Idaho State administration has done this past year and a half, what would it be?

Ending the state of emergency and how much federal money we are accepting and spending, which is growing the government by leaps and bounds. Both the executive and the legeslative branches are participating in the spending spree right now in this last 2 years and that needs to be addressed and held accountable.

What is your stance on law enforcement?

As long as the local law enforcement keep the laws and not break their consitiutional oath to "protect and defend" we the people and maintain constitutional authority here in Idaho, then I will work alongside other legislators to maintain and defend and honor the law enforcement. I believe law enforcement was established to keep "law and order" in our cities and towns and to serve and protect first and foremost, they are the backbone of a community.

How would you reduce taxes in Idaho? or From your elected office?

Property tax reduction and grocery tax elimination is where I would put my focus

Idaho is a Right to Work State, do you support Right to Work?

Yes

No

How would you help Idaho grow it's economy and exports?

Our leadership should never again call any business in Idaho non-essential. Generally speaking the government needs to get out of peoples way, reduce red tape and regulations. We have a labor shortage, in part, due to bad policy. We need to get back to the strong Idaho work ethic. Free market forces seem to be pointing toward a large market for non-GMO crops and if our farmers and ranchers could see this profit potential it could grow Idaho exports significantly.

What is your stance on 2A, Assault Rifles, Constitutional Carry?

Like I said before the 2A is a crucial component of our constitutional rights. As regards to Assault rifles, which are included in the 2A and the 2A clearly states that we cannot infringe on that right, they shall not be infringed, all the arms are covered under this. Every law abiding citizen should be able to bear arms unrestricted, I fully support Constitutional carry.

How would you best describe your stance on personal liberties such as: masks, vaccine mandates, freedom of speech, 2A etc...

I never realized until a few years ago just how important our personal freedoms and liberties are to the American citizen. If you would've asked me prior to 2020, I would've never questioned the vulnerability and uncertainty of such freedoms, yet learned quickly that they were being threatened and needing to be fought for. Our forefathers established such an incredible article that details so many issues that they assumed might or might not be dealt with in America. The constitution protects every single American from tyrannical and over reaching government, both on a federal and local level. My personal position has always been to be a fighter and protector of those constitutional rights and freedoms as laid out by the state and federal constitutions. I believe in body autonomy, however, I am pro life because if it's not your body then its not your choice. I believe that we all have the right to voice our opinions and stand behind our own convictions. I believe that the 2nd ammendment was placed there by our forefathers to give the people the ability to defend their God given rights against such a tyrannical government and protect their homes, families and lives as well.

What is your take on the current state of education in the state of Idaho?

Our public schools need to be about education not indoctrination. Currently, our public school systems are extremely top heavy in bureaucracy, not enough money gets to the teachers or the students. I am thankful that in Idaho, that we have school of choice and I am free to home educate my children.

What do you know about campaigning in Idaho? Are you prepared to work to be elected?

I'm new with all of this and very unfamiliar with campaigning, but am very excited to learn. I am fully committed and prepared to to work diligently and thoroughly to be elected in this seat and serve the community as best as I can.
