Party affiliation and for how long?

Unaffiliated - 3 months

How long have you lived in Idaho?

7 years

The position you are running for?

State Senate District 27

What is your reason for running for office?

To prevent the policies and legislation that will turn Idaho into the next California or New Jersey

What experience do you have that would help you in office?

Testifying to legislative committees in Idaho and New Jersey has taught me how to interpret proposed legislation.

Who do you most similarly pattern your policies after and why?

Frederic Bastiat. His book "The Law" is the ultimate treatise on the purpose and formation of legislation.

What is the greatest issue Idaho faces today?

Outside influences (Federal Government and out-of-state billionaires) who see Idaho as an investment opportunity, instead of a free state where people live and work.

Who did you vote for for president in the last three elections? (Optional)

I adhere to the principles of the secret ballot.

What is the proper role of the Federal Government?

The proper role of the Federal Government is enumerated in the US Constitution Article 1, Section 8. Those are the only powers of the Federal Government.

If you could change one thing the current Idaho State administration has done this past year and a half, what would it be?

The Legislature should have been far more forceful in preventing the Executive Branch from using emergency orders to subvert their Constitutionally granted powers. At no point in time should the Executive Branch be allowed to change law, spend money out of budget and restrict personal freedoms.

What is your stance on law enforcement?

Law enforcement is necessary in protecting life, liberty and property of people. I fully support law enforcement that adheres to their defined role as enumerated in the Idaho and US Constitution.

How would you reduce taxes in Idaho? or From your elected office?

Reduce spending and the size of government. The less money needed by the government, the less taxes that need to be collected.

Idaho is a Right to Work State, do you support Right to Work?

Yes

No

How would you help Idaho grow it's economy and exports?

Reduce taxes and regulation and allow the free market to work.

What is your stance on 2A, Assault Rifles, Constitutional Carry?

I oppose any and all forms of gun control.

How would you best describe your stance on personal liberties such as: masks, vaccine mandates, freedom of speech, 2A etc...

People are not the property of a monarch, a state, a clan or a community. People are endowed by their Creator with life, liberty and property. This is the basis of personal liberty.

It is the purpose of government to protect life, liberty, and property. Any law, regulation, or policy that would restrict rights and liberties is immoral.

What is your take on the current state of education in the state of Idaho?

The current state of education is merely a money making machine for publishers, unions and special interest groups. At no point is the education of children a priority. Education funds need to be assigned to the child and parents have the right to educate their children as they see fit.

What do you know about campaigning in Idaho? Are you prepared to work to be elected?

As an Independent, I will not have a political apparatus to support me. I will need to get in front of as many people as possible in order to make my case to be their senator and overcome the media campaign of the political parties.

Additional information you wish voters to know.

I have seen too many good people run for office in order to effect change only to become the very legislator they wanted to change. This happens because party leadership puts great pressure to the legislator to "get on-board". If they don't "get on-board" then there is the threat of not getting supported for reelection.

As an Independent I will not be concerned about such things. I will have no party leadership and I will always be challenged for reelection. This will keep me focused on the principles I ran on and the constituents I represent.
