How long have you lived in Idaho?

Almost 4 years

The position you are running for?

State Senator District 19

What is your reason for running for office?

We moved here for freedom and see that it is being taken from us. I cannot sit and watch. My family deserves better than the current representation in office, and your family deserves better too! I am a faith-filled citizen politician committed to serving the interests of my constituents, above all else.

What experience do you have that would help you in office?

My entire career has been dedicated to bettering my community. I have extensive experience in helping the most vulnerable families move from homelessness to self-sufficiency through tailored care and education. I am the founder and current CEO of a successful non-profit organization. I am a community organizer, great listener and action oriented.

Who do you most similarly pattern your policies after and why?

Common sense policy is what is needed. I am not a politician. I am a solution finding, concerned parent. Policies championed by many Conservatives and America First Patriots make the most sense to me.

What is the greatest issue Idaho faces today?

Idaho's growing government powers and programs are the greatest threat to the freedoms we hold dear.

Who did you vote for for president in the last three elections? (Optional)

Donald Trump, Donald Trump, Mitt Romney

What is the proper role of the Federal Government?

As John M. Olin, distinguished professor of economics, summarizes the role of the Federal Government, under Article I, Section 8 of our Constitution. It lays out, "The Congress shall have Power To lay and collect Taxes, Duties, Imposts and Excises, to pay the Debts and provide for the common Defense and general Welfare of the United States...To borrow Money on the credit of the United States...To regulate Commerce with foreign Nations, and among the several States, and with the Indian tribes...To coin money...To establish Post Offices and post Roads...To raise and support Armies."

The Constitution does not outline over half of the authority to which the Federal Government spends or taxes today. We need less Federal funding and involvement in our Great State of Idaho.

If you could change one thing the current Idaho State administration has done this past year and a half, what would it be?

Most recently, I would have voted to pass S1381, Pause Act that, "establishes limitations on the ability of private and public entities to impose a requirement that individuals receive a coronavirus vaccination."

Legislation such as this should have never had to be created in the first place. Mandates should have never been enacted. Vaccination is a personal choice. As a free society, we have a choice of what we place in our bodies and should not be discriminated on such a decision.

What is your stance on law enforcement?

I support law enforcement and the rule of law.

How would you reduce taxes in Idaho? or From your elected office?

People are better than the government at managing their finances and determining what is best to spend their hard earned money on. Return more tax payer dollars back to the tax payers by reducing unnecessary government spending and programs.

Idaho is a Right to Work State, do you support Right to Work?

Yes

No

How would you help Idaho grow it's economy and exports?

Idaho is a growing state with a shortage of skilled trade workers. A pipeline from our high school campuses to skilled trade school and certification programs would provide a sound way to help Idahoans and the economy thrive. Government regulations that cause more harm than good should be reevaluated to allow small businesses to flourish.

What is your stance on 2A, Assault Rifles, Constitutional Carry?

We have the right to defend ourselves from a tyrannical government. I support the 2nd Amendment and the right to carry.

How would you best describe your stance on personal liberties such as: masks, vaccine mandates, freedom of speech, 2A etc...

My stance mirrors that of the Preamble to the Declaration of Independence.

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness."

We have rights, that are gifted by God, not the government. Mandates are unreasonable if you follow our founding principles. People are smart and can choose what is best for their own health. Each person has the right to voice their opinions and concerns, we have the right to defend ourselves and our community. Return the power back to the people.

What is your take on the current state of education in the state of Idaho?

Our children deserve better. Teach our children reading, writing, math, music, art, truthful US and World history (so we do not make the same mistakes again), physical fitness and health, real-world life skills, appreciation for their country and fellow man.

Please leave the indoctrination out, thank you! Parents are educator number 1. Idaho schools must work with parents maintain the innocence of children, not destroy it. Our children are ill prepared and unable to face the challenges ahead as informed, productive members of our community. What happened to financial literacy? Wouldn't it be grand if our students graduated the 12th grade and knew how to open a bank account, write a check, balance a budget, understand a loan, interest, credit and credit lending?

What do you know about campaigning in Idaho? Are you prepared to work to be elected?

Yes, I am prepared to work. I continue to generously give my time to help others with their campaigns and help others get engaged. Time is precious and we must use it to make our community the best it can be.
