Party affiliation and for how long?

Republican 33 years

How long have you lived in Idaho?

31 years

The position you are running for?

Idaho State Representative 4b

What is your reason for running for office?

We are told only certain people are qualified to run for office. We are told we need to ask a specific group permission to run for office. I disagree. The citizens give the power to the government not the other way around. Average citizens like me need to step up and run for office. I am choosing to do just that. I have talked to many people who say they moved to Idaho or live in Idaho because it is a conservative republican strong hold. They have been seeing those values eroded away. We can choose to sit and watch it erode or we can fight to save our state. I'm choosing to fight for our state, the constitution, and conservative values.

What experience do you have that would help you in office?

I have worked in retail most of my life. Working with the public and with a diverse group of people has given me the ability to leverage the capabilities of different personalities to get them to work together for a common goal. I understand what it takes to work as a group for the whole, not putting my wants and wishes before others.

Who do you most similarly pattern your policies after and why?

Our founding fathers. We must get back to what our country was built on. Our constitution was carefully drafted and has stood the test of time for 246 years. We need to get back to our roots and be a proud nation again.

What is the greatest issue Idaho faces today?

Loss of our Freedoms. Our freedoms are being attacked on so many levels. We need a government filled with individuals that are fighting for smaller government, less overreach and serving the will of the constituents.

Who did you vote for for president in the last three elections? (Optional)

I voted and supported Trump in 2020 and 2016 before that I voted Party line for the Republican nominee.

What is the proper role of the Federal Government?

The purpose of the government is to work for the people to ensure liberty, to establish justice, security and defense, and general welfare. In our state legislature it is my opinion that the most important role of a legislator right now would be to promote state sovereignty and advance the will of the constituents.

If you could change one thing the current Idaho State administration has done this past year and a half, what would it be?

So many to list. The taking of our freedoms and violation of the constitutions (both state and federal) that occurred.

What is your stance on law enforcement?

I support our law enforcement completely. We must have a law enforcement entity in our society.

How would you reduce taxes in Idaho? or From your elected office?

We must scrutinize our budget and eliminate the wants. I would like to see the grocery tax eliminated. Our taxes are budget driven. We must spend our money wisely and be willing to make cuts even if they are not going to make groups happy. If we are taking care of what the government is intended to then reducing taxes would be easier.

Idaho is a Right to Work State, do you support Right to Work?

☒ Yes

☐ No

How would you help Idaho grow it's economy and exports?

Idaho's economy has done well. Government needs to eliminate red tape and let the private sector and capitalism continue to flourish. Government needs to get out of the way.

What is your stance on 2A, Assault Rifles, Constitutional Carry?

2A is a must. It was written in the constitution because they knew that the government was going to become corrupt. We must do nothing to infringe on 2A and do everything to strengthen it.

How would you best describe your stance on personal liberties such as: masks, vaccine mandates, freedom of speech, 2A etc...

We must protect our personal liberties. We are a country where the people give the power to the government not the other way around.

What is your take on the current state of education in the state of Idaho?

It needs a complete overhaul. We are pouring money into a system that is broke. The curriculum they are pushing is indoctrination and should be removed. Our education system is not responsible for teaching our kids social issues. They should get back to the basics.

What do you know about campaigning in Idaho? Are you prepared to work to be elected?

This is my third race, I have learned as I go. I am working hard to get elected with the establishment putting up road blocks every step of the way.
