51 years

The position you are running for?

Senate District 24

What is your reason for running for office?

For the love of God, Country, and Mankind. It is my duty and responsibility to keep our Constitutional Republic and State Sovereignty.

Seeing the direction our state is headed and what we are leaving for our children and grandchildren has grieved me to action. I realized that if I was not part of the solution, I was part of the problem. I needed to stop complaining about things that I had the ability to change.

What experience do you have that would help you in office?

I have always been a stay at home mom, self employed helping my husband run our business. I always say if you want someone to get multiple jobs done at one time. Turn to your stay at home moms, who run their own business. We can be a chef, referee, nurse, educator, problem solver, councilor, taxi driver, event coordinator, volunteer, tax preparer, Secretary, travel agent, scheduler, accounts receivable and accounts payable. And doing this all in one day.

I am currently on the board of Magic Valley Liberty Alliance, our missions is to educate, engage and impact in our local and state politics.

I ran for House seat in 2018.

We have many highly educated people with many degrees that have been sent to represent us for decades and look where we are today. Maybe it's time for plumbers, truck drivers and home makers to step up and bring our expertise and management skills that have made us successful.

Who do you most similarly pattern your policies after and why?

Thomas Masse (Federal), Priscilla Giddings, Ron Nate, Heather Scott, Christy Zito (State) to name a few. Their diligence to fight and defend policies that protect our state sovereignty and willingness to do the right thing over the easy thing.

What is the greatest issue Idaho faces today?

Federal government overreach and globalism that can not co exist with our Constitutional Republic and State Sovereignty. And the complacency and silence of "We the People". All of our issues with water, education, taxes, medical freedom ect. all stem from our negligence, silence, complacency and not taking personal responsibility to be informed on issues and what our elected officials are doing.

Who did you vote for for president in the last three elections? (Optional)

In the general election I voted Trump 2020, Trump 2016, Mitt Romney 2012.

What is the proper role of the Federal Government?

Our Countries birth certificate the Declaration of Independence explains exactly what the proper roll of Federal Government should be and made sure to state the grievances for us to be watchful if the Federal is to ever try to overstep their boundaries, and what we must do.

If you could change one thing the current Idaho State administration has done this past year and a half, what would it be?

Putting Idaho under a extreme state of emergency and shutting our state down. We will be suffering from these decisions for a very long time.

What is your stance on law enforcement?

There is a proper role for our law enforcement as well. We use to call them peace keepers, they were for the citizens protection and to serve in time of need. We must be careful that they are not used by our government to police and oppress the people but to serve and protect. I support those who take a oath to protect us from foreign and domestic enemies.

How would you reduce taxes in Idaho? or From your elected office?

I would first go through spending, removing any waste so we could best see where and how much tax we can reduce or remove. Idaho has 220 government agencies on the books, constitutionally we are to only have 20. This may be a good place to investigate and reduce so we can then reduce taxes and the burden upon Idahoans. We not only need to reduce taxes but reduce or remove fees and fines from these 220 agencies.

Idaho is a Right to Work State, do you support Right to Work?

- Yes
- No

How would you help Idaho grow it's economy and exports?

Lessening the burden of the expanded taxes, fees, fines and regulations put on businesses. If we would stop interfering in free market and over regulating businesses we would see Idaho blossom and grow in ways that will benefit all of Idaho. Our Founders knew free market was the best way for America growth, we must learn from them. Idaho should lead the way in brings us back to that.

What is your stance on 2A, Assault Rifles, Constitutional Carry?

SHALL NOT BE INFRINGED!!

How would you best describe your stance on personal liberties such as: masks, vaccine mandates, freedom of speech, 2A etc...

I will protect and defend our God given individual inalienable rights. The most important single function of government is to secure the rights and freedoms of individual citizens (proper role of government).

What is your take on the current state of education in the state of Idaho?

Educate: is to teach and to inform students, to give them the basic tools they can build on that will fulfill their purpose and mission in life that will benefit themselves and the community. We have stopped teaching them how to think and replaced it on what to think. We keep taking money with strings attached that brings more harm than good to our children, in my opinion. We need to get back to the basics of educating and leave the raising of the child to the parents.

What do you know about campaigning in Idaho? Are you prepared to work to be elected?

I ran for House Seat in 2018. I have been building relationships that builds trust. Because of this people are coming along side contributing money, time and endorsing me. I have been working hard to let them know, I am "of the people" so I will be voted in "by the people" and once elected I will be "for the people".

Additional information you wish voters to know.

I would be honored to represent you. I am going to serve you and defend your liberties and freedoms. But I can not do this alone, I need all of you to help me, help us There is 53121 constituents in district 24 and only one of me. I need your expertise, knowledge and wisdom in areas that impact your life. It is the boots on the ground experiences and wisdom that will help me best represent you.
