How long have you lived in Idaho?

over 50 years

The position you are running for?

State representative

What is your reason for running for office?

preserve our liberties--inform and educate Idahoans

What experience do you have that would help you in office?

3 years as state representative with a conservative record

Who do you most similarly pattern your policies after and why?

Ezra Taft Benson. I support the principles in The Proper Role of Government and other books such as An Enemy Hath Done This and his speeches

What is the greatest issue Idaho faces today?

citizens' complacency--not paying attention to elected officials' votes and not holding us accountable. We need to vote many out!

Who did you vote for for president in the last three elections? (Optional)

Trump 2020, Castle 2016, and Romney (which I regret!) 2012

What is the proper role of the Federal Government?

To adhere to the clearly defined purposes outlined in the US Constitution including the Bill of Rights! Our states' rights have been severely trampled--and we have accepted massive Federal funds, which compromises our sovereignty.

If you could change one thing the current Idaho State administration has done this past year and a half, what would it be?

Not declare a state of emergency in Idaho--or at the very least end it after the original 30 days. We are presently open to vax and mask mandates, with small business owners and school children especially affected.

What is your stance on law enforcement?

I support our Law enforcement officers, especially the office of Sheriff.

How would you reduce taxes in Idaho? or From your elected office?

I support the grocery tax repeal, reforming or ENDING property tax (we never own our homes). We need to quit supporting new agencies and obligations. Our budget could be cut if we have elected officials who really believe in our hard working Idahoans should keep much more of what they earn.

Idaho is a Right to Work State, do you support Right to Work?

Yes

No

How would you help Idaho grow it's economy and exports?

Mostly get out of the way! Reduce regulations and push back on federal government interference as well.

What is your stance on 2A, Assault Rifles, Constitutional Carry?

YES!! YES!! YES!! I have a strong record on preserving our 2nd amendment rights.

How would you best describe your stance on personal liberties such as: masks, vaccine mandates, freedom of speech, 2A etc...

We govern best when we do the basics and support local government and the people. We are guaranteed rights to life, liberty and pursuit of happiness (property).

What is your take on the current state of education in the state of Idaho?

The Education budget continues to expand with minimal results. I support ESAs, and school choice--the money should follow the student. We need to continue efforts to get Common Core out of Idaho.

What do you know about campaigning in Idaho? Are you prepared to work to be elected?

I know it is hard work! I work all year for the people of my district and Idahoans.

Additional information you wish voters to know.

I am a Christian wife, mom and grandmother. I work for and support legislation that helps our Idaho families, senior citizens, and basically everyone to live in liberty without the heavy regulations and hand of government control over us. I love Idaho!
