Republican- since 1994

How long have you lived in Idaho?

45 years

The position you are running for?

District 10 Senate

What is your reason for running for office?

The Senate is in need of conservative help and leadership. It needs someone who understands the problems and issues on the senate side and will stand up for Idahoans and their rights. The senate also needs some fresh ideas and perspectives to be able to facilitate the necessary changes to pass good legislation and reject harmful legislation. Those that live in this state are here for a reason and want to see the values, beliefs and ways of life protected in the state, they also want their freedoms protected. The senate stalling good bills is becoming an unfortunate habit. We also must maintain and protect our state sovereignty, this is crucial.

What experience do you have that would help you in office?

I have been involved in the Republican party for several years. I have worked at the state and local level in the party. I have been a precinct committeeman for 6 years, and I have been in the House Legislature for 4 years. Prior to that I was a citizen that testified before the committees during the legislative session, and helped in reading and writing bills. I know and understand the legislative process and how to work within the system. I have also worked with several local and national organizations on issues that are important to Idahoans and our state.

Who do you most similarly pattern your policies after and why?

Thomas Jefferson- because he wrote the Declaration of Independence and that is one of the main documents I always turn to when reading bills and laws.

What is the greatest issue Idaho faces today?

Taxes in general are still big, health freedom, education choice, water and growth.

Who did you vote for for president in the last three elections? (Optional)

Trump, Trump, Romney

What is the proper role of the Federal Government?

The most important proper role of government is to secure the rights and freedoms of individual citizens.

If you could change one thing the current Idaho State administration has done this past year and a half, what would it be?

Reduce spending, reign in the agencies and increase government accountability.

What is your stance on law enforcement?

I appreciate good law enforcement that uphold the constitution and their oath.

How would you reduce taxes in Idaho? or From your elected office?

I would get rid of the grocery tax, reduce the sales tax, look at states like Wyoming on reducing property tax, and cut the gas tax to start.

Idaho is a Right to Work State, do you support Right to Work?

Yes

No

How would you help Idaho grow it's economy and exports?

Idaho needs to be able to utilize its natural resources, that is money in our own backyard. Removing the red tape from Idaho's businesses would help to bring business to the state. Getting rid of the state income tax would also help with new business start ups.

What is your stance on 2A, Assault Rifles, Constitutional Carry?

The Second Amendment should be protected at all cost. I firmly believe without it, all other rights become vulnerable. AR actually means ArmaLite Rifle and individuals should be allowed to own them. Constitutional Carry to me is a protected right and should also not be infringed.

How would you best describe your stance on personal liberties such as: masks, vaccine mandates, freedom of speech, 2A etc...

We all have rights and freedoms that are protected by the Constitution. Rights and freedoms must be protected at all cost. It is the job of the legislature to make sure that laws do not trample on the rights and freedoms of the people, and that their rights are upheld in all aspects.

What is your take on the current state of education in the state of Idaho?

Education has problems in the state. School Choice is needed and necessary. Parent's should have the say in how their children are educated. We need to fund students and not systems.

What do you know about campaigning in Idaho? Are you prepared to work to be elected?

I have ran 2 successful campaigns and have helped on several others. I know what it takes to campaign. I campaign hard, just like I work hard for the people of Idaho.
