Party affiliation and for how long?

Republican, since I was 18

How long have you lived in Idaho?

26 years, not consecutive

The position you are running for?

Idaho State Representative, District 23, Seat B

What is your reason for running for office?

The legislature in Idaho needs more freedom fighters. We need legislators who will represent the people, and not just cater to lobbyists or do what they feel is best for the people, as if government is some sort of caretaker. I will listen to my constituents and represent them. I am not beholden to any big contributors; my campaign is a grassroots campaign.

What experience do you have that would help you in office?

While living in Washington State, I served on my local school board and as a precinct committee officer. I have a keen interest in policy and a willingness to fight for freedom. As a homeschool mom for 24 years, I know how to get things done.

Who do you most similarly pattern your policies after and why?

Rep. Dorothy Moon. She is a no-nonsense, tell it like it is freedom fighter.

What is the greatest issue Idaho faces today?

I think the loss of freedom in Idaho is the most important issue, followed closely by high taxation, especially property tax. The loss of freedom has been so gradual, many people don't seem to notice it. We must elect many freedom fighters to the legislature this year, in order to put the brakes on this slide down the slippery slope to complete socialism. We must also shrink government so we can cut taxes. The current legislature (and governor) seem to be simply trying to rearrange taxes, rather than eliminating wasteful, unnecessary spending.

Who did you vote for for president in the last three elections? (Optional)

Trump, Trump, and Romney. I only voted for Romney because I lived in the swing state of Ohio at the time. I refused to contribute to letting Obama win the state.

What is the proper role of the Federal Government?

The proper role of the Federal Government is outlined in the US Constitution. No more, no less.

If you could change one thing the current Idaho State administration has done this past year and a half, what would it be?

Since I have to choose only one, I would say that the Idaho State administration should have left Idahoans alone to respond to covid in the way that each of us saw fit.

What is your stance on law enforcement?

My dad was an Idaho State patrolman and a county sheriff. I have great respect for law enforcement and I appreciate that officers put themselves in harm's way every day in order to protect us. Most officers are good people and they do that job because they want to serve and protect. We should defend them, not defund them!

How would you reduce taxes in Idaho? or From your elected office?

I would reduce taxes by cutting unnecessary programs and wasteful government spending.

Idaho is a Right to Work State, do you support Right to Work?

Yes

No

How would you help Idaho grow it's economy and exports?

By reducing regulations and cutting taxes, Idaho's economy and exports will grow naturally.

What is your stance on 2A, Assault Rifles, Constitutional Carry?

I am so thankful for the Second Amendment. It is essential to a free people. As far as I can tell, "assault rifles" are simply what the media label anything that looks scary. I certainly don't think they should be banned. I am heartily in favor of Constitutional Carry.

How would you best describe your stance on personal liberties such as: masks, vaccine mandates, freedom of speech, 2A etc...

Personal liberties are simply personal. They should not be limited or regulated. In the case of masks and vaccines, they should not be mandated. If individuals cannot make their own decisions on these things, then we are not a free people.

What is your take on the current state of education in the state of Idaho?

Public k-12 schools and public universities are a disaster in Idaho and everywhere else. I think we all discovered that during covid when kids were sent home to try to learn online. Moms and dads suddenly saw what was going on in the classroom. I think we need a different way to educate our kids. I am happy that homeschooling numbers doubled as a result of covid, and many families created schooling "pods" in their communities. I think the future is bright for our kids as many families are seeking a different way. Since all kids are different, one-size-fits-all government schools are not the answer. And as for CRT, SEL and CSE, etc., that is all just completely inappropriate.

What do you know about campaigning in Idaho? Are you prepared to work to be elected?

I am prepared to work relentlessly to be elected. I am creating a new flyer, now that I know who my opponent is, I am putting up signs this week, and in the coming weeks I will be speaking at meet and greets, as well as knocking on doors.

Additional information you wish voters to know.

As a member of the Idaho House of Representatives, I will work every day to keep Idaho free!
