People Impacted by hearing Gospel, healing, etc: 10,000+ reached through mission team of 30 going to hospitals, homes, village outings, etc.

People being actively mentored weekly/monthly: over 350 young leaders, intercessors and teachers

Dominion Life Junior School overview: with its 120-150 kids, the focus has been them paying something for schooling to fund the school budget and that has slowly been improving as DLDTC funding has intentionally dropped. The school has greatly increased

their land area and resulting agricultural production, doubling each of the 3 harvests, able to produce maize enough to feed all the kids and staff 2 meals a day. Principal Brian got married in 2024, moved into a house, and was donated a truck to help with all the transport for him and school. They are finishing the school dormitory which will enable them to have higher paying kids there to make the budget balance without too many additional income-producing activities.

People impacted in this time period through DLDTC Uganda: over 22K

Testimonies from Uganda in Wilson and Brian's words:

Holy Spirit acts among the DLU team and young leaders – healings, miracles, tongues, prophetic words and testimonies: they saw *Hernia healed, Paralyzed hand stretched, more than 100 water baptisms, healed from miscarriages, fevers healed, mad boy made normal. More than 300 have spoken in tongues, businesses increased and formerly poor church Buzibwera leads all churches in giving tithe and offerings.* So many are the acts of the Holy Spirit working live in all of our contacts. This has been possible by the knowledge of the dominion life message and the very precious mentoring and financial support. Through partnership fund and so on, thank you!

Check out all the testimonies and post from DLDTC on FB and IG weekly and in the newsletters sent out monthly.

NOTE: All this ministry was accomplished by contributing over 70% of funds received for ministry purposes. Praise the Lord!!

Dominion Life Denver Church (since May 5, 2024 start):

Heard Gospel: dozens of people

Filled with Holy Spirit and received prayer language: 3+

Healings: 20+

People being discipled: 10-12

Churches and ministries impacted: 8

Online impact: YouTube: 220+ videos/shorts posted 55.5k views, 165 subscriptions since May 2024

Partner donations given to other ministries: \$1210.39

Outreaches: 200+ people impacted, additionally have sent out over 3,000 postcards to addresses within a 2 mile radius of the Church

Notable steps of Faith with Fruit: believed for a building and moved into it mid-July with few members after transition and now consistently seeing 10-15 members weekly with more people showing up weekly.

Healing testimonies: one of our members was healed of Lyme disease after we prayed with her; commanded a pregnant woman's placenta to move so the baby and mother would be safe during delivery, within a week the placenta moved; many stories of people stepping out in the gifts of the Spirit (some for the first time) giving prophetic words, words of knowledge/wisdom. Many of our members share testimonies of praying for the sick and sharing the gospel weekly and we are receiving many prodigals.

People impacted in this time period through DLDC: over 58K
