**CMY06 - CHACCHOBEN MAYAN RUINS**

CULTURE AND HISTORY

The dawn of the once highly developed Mayan civilization can be traced back to around 2,000 B.C. and many of their amazing architectural structures can still be visited in Mexico to this date. In around A.D. 700, these clever people built the pilgrimage site of Chacchoben, your destination on this half-day tour. After meeting your bilingual guide, you'll head inland on an air-conditioned coach with information on the site and the Mayans provided during the ride. On arrival, your guide will show you around the site, explaining the purpose of the various structures. Amazingly, one of the pyramids still features some original red paint on its stucco walls, while a mural depicting the astronomical positions of planet Venus has stood the test of time in one of the temples. For those of an energetic disposition, there'll also be time to climb some of Chacchoben's tallest structures: the imposing Gran Basamento, a place where archaeologists found remains of ceremonial offerings dating back to 1,000 B.C.. The highest point of the temple sits above the tree canopy and affords eminently photo-worthy views. You'll also get to find out a little about the area's diverse wildlife and Mayan medicinal plants, which continue to be used to this day. A complimentary bottle of water is also included in your excursion and the relaxing return drive to your ship at the Costa Maya brings your tour to a close. Please note: Guests must be at least 2 years old to participate. As the tour involves longer periods of walking over uneven ground and some climbing, it is considered to be unsuitable for guests with mobility problems. A government-imposed fee of approx. US\$5 is payable by guests wishing to use video equipment (including mobile phones) at the archaeological site.

**CMY24 - OFF-ROAD JEEP & BEACH TOUR**

**ACTIVE & ADVENTURE**

Exhilarating, entertaining and a great way to spend some time off the ship, this tour will see you board and possibly drive a jeep to discover some of the roads less travelled along the mesmerising Costa Maya. Once you've got settled in your 4-person jeep - with one of your number doing the driving - you'll head out in convoy, first through the pretty little fishing village of Mahahual and then off road into the lush rainforest that flanks the coastline. With sublime views of the Caribbean Sea, stretches of sandy beach and tiny villages to enjoy on the way, your 1-hour drive will take you south to reach Explora Beach. Pristine sands and a secluded location make this the ideal spot to stop for a delicious Mexican-style lunch, followed by time to do whatever you please. The water is just the place for a refreshing dip, the beach perfect for working on your tan, playing beach volleyball or going for a stroll and the stunning surroundings well worth a photo or two. You'll return to the pier and your ship in the same way you came - by jeep. The only thing left to decide is: who gets to have fun driving on the way back? Please note: all jeeps feature a manual gearbox (stick shift) and each jeep seats 4. Guests are recommended to wear comfortable shoes and swimwear under their clothing as well as to bring a towel, a hat, high-factor sunscreen and a some cash to pay for any additional purchases. Guests wishing to drive must be at least 21 years of age and in possession of a valid driving licence. Guests must be at least 3 years of age to take part in the tour. The tour is considered to be unsuitable for pregnant women and guests with pre-existing back/neck injuries. Guests will be required to sign a waiver which may only be available in English. **CMY26 - GLASS-BOTTOMED BOAT & SNORKEL TOUR**

**ACTIVE & ADVENTURE**

Since the waters off the Costa Maya boast the world's second-largest coral reef, it would be rather a shame to miss out on seeing it at first hand - and if you prefer without even getting your feet wet. After the short transfer from the pier to the lovely beach at Mahahual, a small fishing village just south of the cruise ship terminal, you'll board a glass-bottomed boat and begin your adventure. With the iridescent waters of the Caribbean Sea beneath you and panoramic views to soothe the eye, you'll sail to the reef location. After taking some time to get acquainted with the teeming wildlife through the boat's glass underbelly, you can - if you want - take to the water itself to meet and greet the reef's colourful inhabitants. Thanks to the small group size, you can feel safe in knowing that your fully qualified guides will remain close at hand throughout your snorkel tour to assist you at every turn. Once you return to the beach at Mahahual, you will return straight to the ship. Please note: guests must be at least 8 years of age to take part in the snorkelling portion of this tour. For safety reasons, the tour is unsuitable for pregnant women, guests with pre-existing respiratory conditions such as asthma, with cardiac conditions (including a history of cardiac arrest and/or surgery), diabetes, epilepsy, back/neck injuries, and guests taking medication such as anti-depressants, lithium, beta-blockers, and base vein constrictors. **CMY28 - KOHUNLICH MAYAN RUINS**

**CULTURE AND HISTORY**

Situated on the Yucatán Peninsula and one of Mexico's absolute must-sees is the archaeological site of Kohunlich, a terraced city built by the Mayans between approx. A.D. 250 and A.D. 600. The site's unusual-sounding name is derived from the English name of the cohune palm, a common sight in the area. Your tour of cultural discovery begins with an air-conditioned coach ride, during which a bilingual guide will entertain you with information on the Mayan remains ahead. At the site itself, you'll be escorted through the park-like setting of the historical complex, whose highlights include a sunken palace, an acropolis, courtyards and even an ancient ceremonial ball field. But the site's main attraction is undoubtedly the Temple of the Masks, dedicated to the Mayan sun god KinichAhau. Although the oversized stucco masks on either side of the temple's central staircase are easy enough to see from the ground, you'll have to climb up the pyramid-like structure to get a closer look. Parts of the stucco - which dates back to earlier than A.D. 500 - still retain some of their original colour. With memories of the beautifully secluded Kohunlich fresh in your mind, you'll then get to enjoy a light packed lunch on the coach journey back to the Costa Maya and your ship. Please note: Guests must be at least 4 years old to participate. The tour involves a 2-hour coach drive each way without a comfort stop; guests are therefore recommended to use the facilities prior to departure. As the tour involves longer periods of walking on uneven ground, guests are requested to take extra care. The tour is considered to be unsuitable for guests with mobility problems or using a wheelchair. Guests are recommended to wear high-factor sunscreen, insect repellent and comfortable shoes. Depending on the exchange rate on the day of the tour, a fee of US\$8-US\$10 will be payable by guests wishing to use video equipment (including mobile phones) at the archaeological site. The site does not permit the use of tripods, professional video equipment or flash photography. For safety reasons, backpacks and large handbags are not permitted in the ruins site. The tour also involves an approx. 5-minute walk between the car park and the entrance of Kohunlich.

**COZ72 - VIP SAVE A TURTLE WITH LOBSTER LUNCH & BEACH**

**NATURAL WONDERS**

Book code COZ72 for a VIP version of the Save a Turtle Tour, exclusive to MSC guests. This tour version will see you travel in a smaller group of guests and will allow you to add a further touch of pure relaxation to the heart-warming hands on experience of Saving a sea turtle. Save, learn, help, protect, enjoy and contribute. This tour is for anyone who wants to leave Cozumel a little better than how they found it. You will be led by the biologist's team member who spearheads the Save the endangered Sea Turtle Program. Cozumel boasts the most Sea Turtle nests per kilometre than any other area in Mexico by a 3 to 1 ratio. Every evening the turtles hatch and make their way to the sea. This is a natural process, but in the frenzy of the nest only about 80% of the hatched turtles actually have the stamina and jolt of energy to climb out. On this tour we backtrack the previous evenings events and help rescue the 20% of turtles who were not ready for the dash to the sea and recover these turtles until their inner organs are mature enough to be released by digging them out. This process is extremely heart-warming and satisfactory as you will be in direct contact with nature and you will be directly involved in saving the little life of the turtle so it may have a true chance at life. Your next stop is at a Beach Restaurant on the Eastern side of the Island where you will have one of Cozumel's most famous dishes: Caribbean Lobster! You will have a sit-down lunch at one of the landmark beaches of Cozumel and enjoy the traditional delicacy that is so true to this culture. Then it will be time to head to the comfort of your ship. Please note: Guests are advised that digging out the turtle hatchlings may involve working on your knees or lying down on the sand. To avoid injuring any baby turtles, the digging process is entirely by hand (no shovels, trowels or other tools may be used). Although female turtles usually dig their nests relatively close to the water, some places may be easier to dig in than others. Guests are recommended to wear comfortable clothes, a hat, high-factor sunscreen and comfortable shoes for walking on the beach. Please ensure your sunscreen is fully biodegradable as normal sunscreen is prohibited from use due to the damage it causes to the reef. This tour is only available from June until November, 2022. Guests will be required to sign a waiver which may only be available in English.
