Summary of core services

Hello

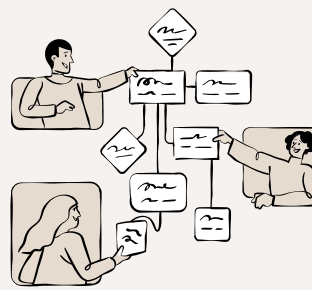

Bonjour

Leadership Development
Coaching & Consulting
-with Stefany Oliver

Service	Who it's for	Format
The Intentional & Learning Organization Workshop	Organizations: Teams experiencing overwhelm or unclear workflows and managers wanting to build continuous improvement habits	• Half day or full day experiential learning and hands on workshop • Virtual, in person or hybrid
New manager development program design or enhancement	Organizations: Looking to create or improve their new manager development program and recognize a gap in their new managers' people and process management skills	• Creation of a customized leadership development program for your organization, based on your context of work • Format may vary based on your needs, budget and context: live or recorded sessions, self-paced modules, micro-learning, templates, scripts, activities, reflection tools, and leadership practices.
Leadership coaching for managers	Organizations and individuals: Recognize a gap in their people and process management skills and struggle to learn their team effectively	• 1-1 coaching • Group coaching • Weekly sessions: virtual or in-person
Speaking (events, workshops, leadership conversations, customized format)	Organizations: Looking for engaging experiences, practical leadership insights and tools your people can apply immediately.	• Audiences of any size • Choose from signature topics or customize the experience based on your audience and work context • Virtual, in person or hybrid
Professional workshop facilitation services	Organizations: Have workshop content but lack internal facilitators and want a polished, professional delivery of their training	• Groups of any size • Virtual, in person or hybrid

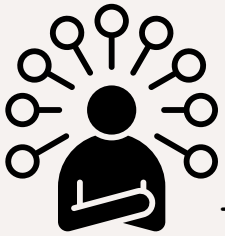

The intentional & learning organization workshop

Team problem-solving & process improvement workshop

Top 4 key deliverables

1. A structured, blame-free problem-solving method
2. Visual management systems that make the flow of work (and problems) visible
3. Daily team practices that improve flow
4. A leadership framework for intentional, learning focused management

New manager development program design or enhancement
