

FORT THOMAS MIDWAY STREETScape

CLIENT

City of Fort Thomas

LOCATION

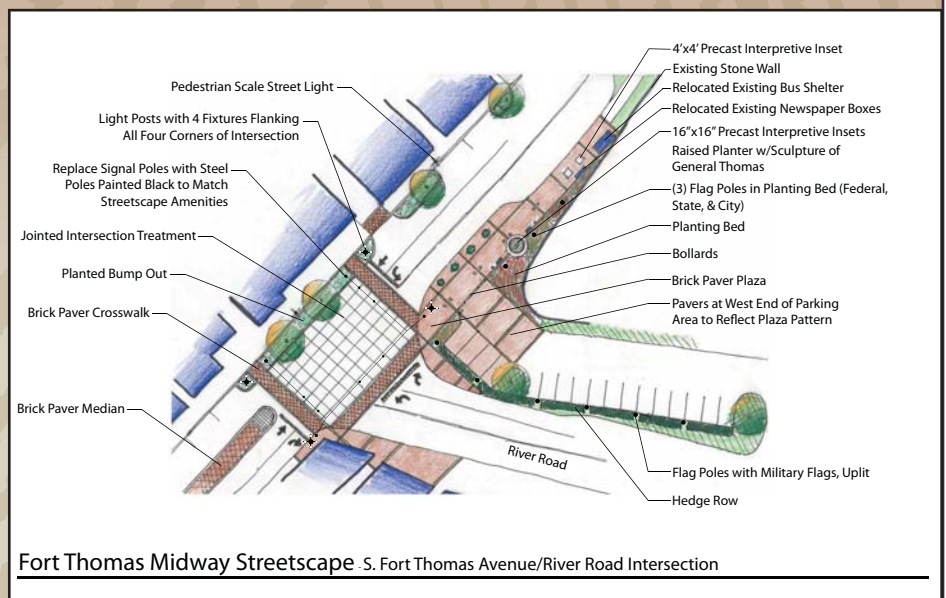

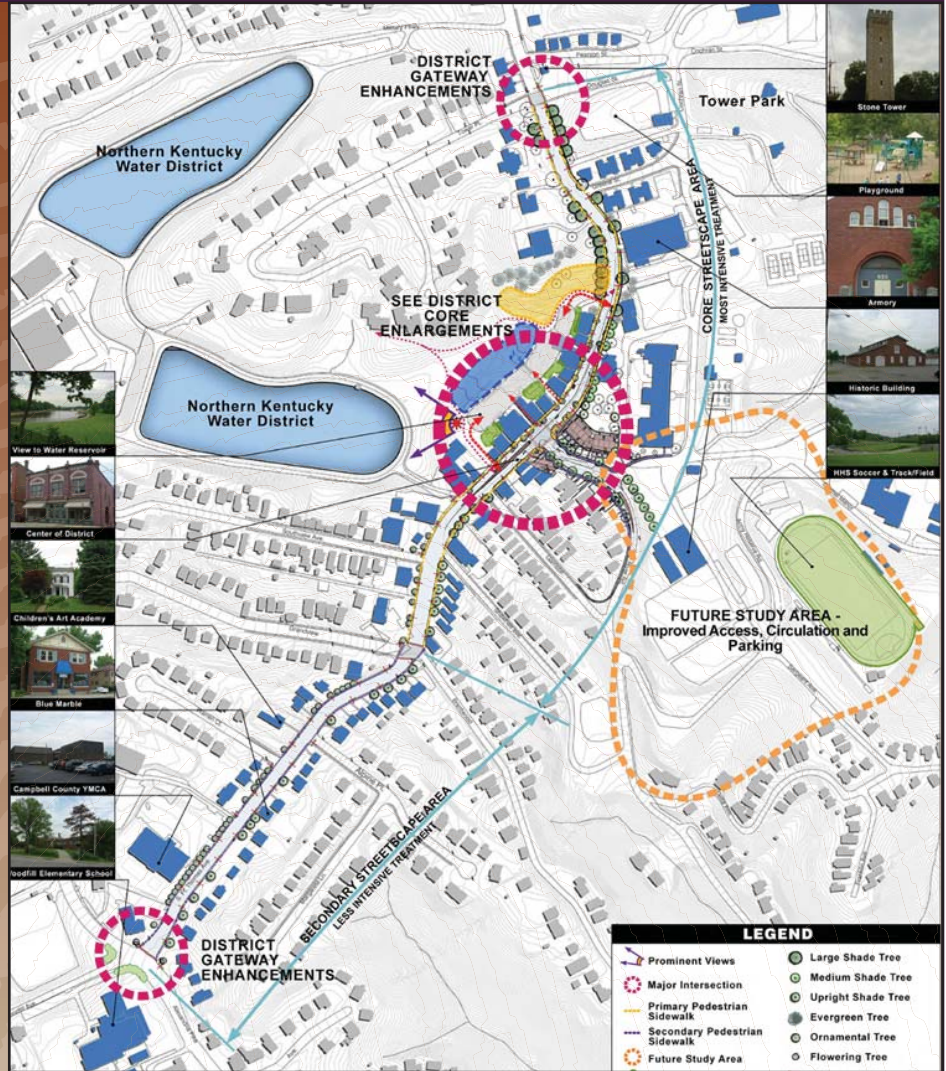

Fort Thomas, Kentucky

PROJECT PHASE

Master Plan

DESCRIPTION

Human Nature collaborated with CDS Associates to create a streetscape master plan for the Fort Thomas Midway Business District. The project looked at the whole district, on how to enhance it, while focusing on its history. The plan includes new development opportunities, a streetscape layout, and additional and improved parking. Both firms are now working together with the City to implement a first phase of the master plan focused on the district core.

Fort Thomas Midway Streetscape - S. Fort Thomas Avenue/River Road Intersection
