discussion items:

- The committee summarized what was discussed at the previous meeting (10.9) for members not in attendance. Ron Dill provided an overview of the public survey questions and next steps. Sara DiLandro asked if everyone had received the previous meeting minutes, work plan and preliminary SWOT analysis.
- The committee agreed that it would be helpful to have the following materials available to committee members: KYTC Route 8 Corridor Study; comprehensive plans for neighboring jurisdiction; a map of property ownership (especially public). Ron Dill volunteered to assemble these materials and bring them to the next meeting.
- Most of the meeting focused on the Strengths/Weaknesses/Opportunities/Threats (SWOT) Analysis Spreadsheet. See attached SWOT spreadsheet for notes taken during the meeting.
- Next meeting is scheduled for Monday, November 6th, 6p at the City Building.
- R. Yoder offered to coordinate a field trip to Sergeant Park in Dayton. He will reach out to the committee for possible dates.
