

## 2020 EDUCATIONAL EVENTS SPONSORSHIP

As we begin the 2020-21 livestock show season, the board of IRCYLH is delighted by the expansion of educational experiences beyond the Fair Show and Auction. While interest in livestock programs among youth in IRC continues to grow, we need sponsors from our community to help facilitate our:

### Educational Clinics

Throughout the year, the Educational Events Committee of IRCYLH will host animal and horticulture clinics; open to local and regional youth; typically at no cost to youth or families; last year, four counties represented the 200+ youth who attended our 1<sup>st</sup> Annual AG Bonanza.

### Battle on the Beach Prospect Show

Saturday, October 31st and Sunday, November 1st, 2020, both shows begin at 10am... prospect shows give youth an experiential opportunity to practice, show, and compete outside of their county fairs; exhibitors do pay entry fees and win prizes; we are looking forward to a record number of attendees at this great event this year

### Educational Events Sponsorship:
