Expository Narrative

In this section, you will write explaining the various aspects of your project. Remember to explain, in detail, the different areas of your project, i.e., feeding routine, medical/health, grooming, etc. You may use the outline provided in the manual to help you organize your thoughts. Remember, this is about your project. Judges will be judging the quality of your sentence structures, ability to organize your ideas into paragraphs that provide relevant details, spelling and grammar, and the overall appearance of the narrative. If needed, you may print additional *Expository Narrative Continued...* pages. If you are typing your narrative, please refer to the manual for detailed instructions.

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
