Expository Narrative

In this section, you will write explaining the various aspects of your project. Remember to explain, in detail, the different areas of your project, i.e., feeding routine, medical/health, grooming, etc. You may use the outline provided in the manual to help you organize your thoughts. Remember, this is about your project. Judges will be judging the quality of your sentence structures, ability to organize your ideas into paragraphs that provide relevant details, spelling and grammar, and the overall appearance of the narrative. If needed, you may print additional *Expository Narrative Continued...* pages. If you are typing your narrative, please refer to the manual for detailed instructions.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

Project A Photos

You must include at least 4 photos of your project but no more than 10 photos. Each photo that is included must have a date and a detailed caption. One of the photos must be a picture of your project's pen(s). Your caption can include why you chose the specific size of the pen, the location of your pen, when was the pen built, who helped build the pen, etc. The remaining photos can be of your grooming/trimming care, feeding routine, health related care, etc. You may also reference some or all photos in your narrative HOWEVER it is not required! Your photos must be placed on the page(s) in chronological order, according to the caption. If necessary, you may print out additional *Project Photos Continued...* pages. ***If you are showing multiples of the same project type, there are additional picture, health, and show record pages in the manual.***

Personal Exhibitor Goals

Provide 2 goals you would like to achieve while working with this project. Be as specific as possible when stating your goals. You must use complete sentences when completing the goal section. Some topics to consider when stating your goals: What will you use or research to help accomplish your goals? Did you seek out a more experienced exhibitor to assist with achieving your goals? What else did you do to help yourself accomplish your goals? Where you able to accomplish these goals, why/why not? Once your book is graded and returned to you, you will not be finishing any sections and returning it to IRCYLH; for this reason, your goals must NOT be based on you winning Grand/Reserve Grand. Please see the manual for examples of possible goals you can set for yourself as an exhibitor.
