*Join Elliott Toeves of ECHO Global Farms and NCAT's Gabriella Soto-Vélez for a practical deep dive into biochar.*

- ✓ Gather low-cost biomass
- ✓ Assemble a compact kiln and fire it
- ✓ Quench the biochar
- ✓ Inoculate the fresh char with compost or liquid nutrients
- ✓ Apply it at the right rates to boost soil structure, water-holding capacity, and microbial life

This no-cost webinar is supported by the USDA's Transition to Organic Partnership Program, part of the USDA Organic Transition Initiative and administered by the Agricultural Marketing Service National Organic Program.
