We are open daily for congregate lunch at the Fritz Hendrix Memorial Building Monday – Thursday 11:00 a.m. to 1:00 p.m. and on Fridays, we serve brunch from 9:30 a.m. – 11:00 a.m. The Gracemont Congregate is located at the Assembly of God dining hall in Gracemont, OK. They are open Monday – Thursday 11:00 a.m. to 1 p.m. We encourage our Elders to come by and pick up a menu and/or check it out on our Caddo Nation AoA FB page.

Menu: Our menu items are selected by suggestions from our current participants at both Congregates and our deliveries. Suggestions are taken throughout the month and the menu is ready by the last Monday prior to the 1st of the month. Each day is planned according to the food pyramid for elderly adults and liberalized diets for the general elder population. (Condiments are available and some are high in sodium and contain sugar.) We will be continuing with comfort foods to keep everyone nice and full for the remaining winter months.

Our meals are made “from scratch” and this takes a lot of time and preparation, but we believe the outcome is worth it; I applaud my staff for getting the meals out in a timely manner. The compliments I receive on the taste and appearance speak for themselves. We try new menu suggestions as well as toss in some good comfort foods.

Funding: Our program continues to operate off of grants awarded through ACL; our FY 2025 began today April 1, 2025. ACL grants are Title VI – Part A, Title VI – Part C, NSIP and MIPPA. The Gracemont Congregate is supplemented by a grant awarded by Pathways which is through the Oklahoma Health Care Authority.

AARP SCSEP: Caddo Nation of Oklahoma had partnered with AARP to become a host agency who will train low income or unemployed elders, 55 and older, new skills that will assist them with making their way back in to the work setting through a training program. We here at AoA will assist elders in filling out the application for SCSEP and they can work here at the Caddo Nation of Oklahoma, if there are any available positions. In the occurrence that there is not any available positions, we can assist with trying to find placemen in other host agencies in the area. Environmental Protection

P.O. Box 487 Binger, OK 73009 | Phone: 405-656-2344

Since its establishment, the Caddo Nation Environmental Protection (CNEP) program has secured several grants through the Environmental Protection Agency (EPA), including the General Assistance Program (GAP), Clean Water Act Section 106 (CWA), and Clean Air Act Section 103 (CAA). Additionally, CNEP has received funding from the Bureau of Indian Affairs (BIA) to support climate resiliency initiatives, natural resource education, and invasive species management within the Caddo Nation's jurisdiction. These funds enable CNEP to take proactive steps toward protecting our Tribal lands against the growing impacts of climate change. In the coming quarters, CNEP plans to apply for additional grants through both the EPA and BIA to expand its programs and enhance services for the Caddo Nation.

April is consistently a busy and productive month for CNEP, as it includes our annual observance of Earth Day—a global event aimed at raising awareness of environmental issues and promoting sustainability. The Caddo Nation's Earth Day celebration takes place every April, and this year's activities included a roadside cleanup along our stretch of Highway 281. Participants collected 16 bags of trash, each holding 40 gallons, demonstrating how small efforts can collectively contribute to the beautification of our lands and properties. In addition to hosting our own event, CNEP attended the Comanche Nation's Earth Day celebration, where we engaged with community members about shared environmental concerns and the interconnectedness of environmental issues. Also in April, CNEP participated in the EPA Region 6 Tribal Caucus and the Regional Tribal Operations Committee (RTOC) quarterly meetings. While this quarter's sessions were held virtually, in-person meetings are scheduled for July in New Mexico. CNEP proudly represents our region on the RTOC.

In May, Environmental Specialist Brandon Worcester and Conservation Field Technician Kolby Williams represented CNEP at the National Tribal Forum on Air Quality (NTF) in California. The NTF is an annual event that brings together Tribal environmental professionals, EPA officials, and other stakeholders to exchange insights on air quality management in Tribal communities. Air quality remains a top priority for CNEP, and we continue to work diligently to protect the health and well-being of our Tribal members. June brought two exciting opportunities for CNEP. First, in partnership with Northern Arizona University, we welcomed an air quality intern, Rebecca Zewdie. A junior at American University in Washington, DC, Rebecca is committed to deepening her understanding of the environmental challenges faced by Indigenous communities. Also in June, CNEP partnered with the Comanche Nation to host the 2nd Annual Wildlife Explorers Environmental Camp. The camp, designed for children aged 9–14, featured interactive stations that provided environmental education and cultural enrichment. The camp's mission is to inspire the next generation by fostering a deeper connection to the environment and tribal heritage.

During the third quarter (April–June 2025), the Caddo Nation Environmental Protection Program (CNEP) provided Roll-Off Dumpster Services to six Tribal members. This service assists community members with the proper disposal of large volumes of waste, helping to maintain cleaner homes and properties across the Caddo Nation jurisdiction.

To ensure equitable access to this limited-capacity service, the following policy is in place:

“If you have received service within the same EPA calendar year (October – September), you will be placed on a waitlist until the next funding period.”

This approach allows more Tribal members the opportunity to benefit from the program. Roll-off services are offered on a first-come, first-served basis, with availability three times per quarter. Service is scheduled according to the following calendar:

- ***1st Quarter: October – December***
- ***2nd Quarter: January – March***
- ***3rd Quarter: April – June***
- ***4th Quarter: July – September***

CNEP also offers in-home mold inspection services to Tribal members. All CNEP staff are certified mold inspectors and provide the following:

- ***On-site inspections and environmental assessments***
- ***Air or surface mold sampling (as needed)***
- ***Education on mold prevention and safe remediation practices***

Our services are aimed at promoting healthier indoor/outdoor environments by identifying and addressing potential hazardous and mold-related health risks. For further information on any services provided or information on the CNEP programs, please contact us.

George's Department Store Report

As of today July 21, 2025, George's Department Store is located 124 W. Broadway in Anadarko. We are open Monday-Saturday 10am-6pm and closed every Sunday. Raven Cook is the current store manager and has been since December of 2023.

George's currently has four employees: Elizabeth Clark full time since 2024 and Calin Tillis part time since May 2025. We are currently welcoming two new employees this month: Kareriss Williams and Paige McCullough for part time. They will complete our team and give us the extra hands we need as we prepare to get back into setting up at pop-up events, as well as prepare for the back to school and the holiday season.

George's are still currently growing and learning what our community needs are and what they want to see being added to the store. We know we are a work in progress, and we take customer feedback seriously.

As of right now we currently have continuous partnerships with Caddo Nation CHR, Apache Tribal CHR, Kiowa Tribe CHR, and the Wichita CHR programs. Where we provide diabetic shoes for their tribal members. We also have a partnership with the Kiowa, Apache, and Wichita workforce programs, we provide work clothes and shoes for their members.

We have a great partnership with Caddo Nation Child Care. They ordered 920 backpacks from us this year. We just finished getting all the bags in and we delivered them to Child Care. Child Care also bought kids shoes from us back in April and we assisted them in handing the shoes out to Caddo members at the last membership meeting. CNCC has also given us the opportunity to provide work clothes to their Native Summer Learning Camp staff, and we are preparing to host 40 of the Native Summer Learning Camp children on Friday July 25th for a

back-to-school shopping experience that CNCC has given them for a camp incentive for attending camp regularly.

We have also helped many departments within Caddo Nation to help bring uniforms to Caddo Nation Employees. We greatly appreciate our partnership, and they are our focus as it helps to grow George's Department Store. In the months to follow we are going to be reaching out to more businesses and more local tribal departments to help bring even partnerships to George's as well as getting back into the communities and setting up our merchandise at pop-up events around Anadarko.

George's Department Store will continue to work to provide the Anadarko community with affordable quality items for everyone.
