

Microsoft Authenticator Passkey Setup

The Caddo Nation requires multi-factor authentication for enhanced security. To access your account on any personal device, you must install Microsoft Authenticator on your phone. Please use the QR codes provided to get started:

iPhone/iPad

Android

1. Install Microsoft Authenticator by scanning the appropriate QR code above
2. Open the app and click “Add work or school account” and follow prompts
3. Under “Install Microsoft Authenticator”, click “pair your account by clicking this link”
4. Open the Microsoft Authenticator app and select the **Mycaddonation** tile
5. Click “Create a passkey” and follow prompts

Security Tips

- Never approve unexpected sign-in requests.
- Keep the app installed.
- Contact the IT Department before replacing your phone.

If you need any help, let me know!
