**INSTRUCTIONS ON HOW TO PROVIDE THE CORRECT MEASUREMENTS FOR YOUR
CUSTOM MADE WIND SHIELD STÄLIT:**

1) Provide us your stove make and model# _____

PLEASE, MEASURE AT LEAST TWICE SO WE ONLY HAVE TO CUT ONCE!

2) Width in inches (distance across the front from left to right side) (If back and front are different in width, please provide the wider measurement) _____

3) Height in inches (How tall do you want your STÄLIT to stand above the table?) _____

4) Depth in inches (distance from front to back of your stove when fully opened) _____

5) Email the above information to service@stalit.store.

Your STÄLIT will be custom made to fit your stove. If you have selected a smaller STÄLIT at the time of ordering but your measurements move your STÄLIT to a larger size, you will be charged for the larger size. If your STÄLIT size moves to a smaller size your charge will be reduced accordingly.

Thank you for your purchase of a WIND SHIELD STÄLIT! We hope you appreciate the quality of our product. If your WIND SHIELD STÄLIT does not fit to your expectation you may return it, within 10 (ten) days from the date of delivery, for a full refund of monies paid, or a replacement, your choice.

1 (one) year warranty against defects in material, does not apply to misuse. If you are returning your STÄLIT within the 10 (ten) day period due to "size really does matter", after we receive your STÄLIT, we will refund all monies paid to that point. If we built your STÄLIT to the wrong size that you provided us, the cost to ship your STÄLIT back is at our expense. If you provided us the wrong measurements, the shipping to return your STÄLIT is on you. Fair is fair.

We've never had a request related to our 1 (one) year warranty for material defects, or size. But when, and if, we do, we will work the opportunity through to your complete satisfaction.
