GROWING VISION and GROWING MINISTRY

To our very important partners, you are so much more than friends. You are our family, our supporters, and you are the prayer warriors that lift us up and fight spiritual battles that pave the way for our success and opportunities.

I truly regret that one of the favorite annual activities is so late in being sent out. There are lots of pictures on the back page of the Christmas outreaches to the mountain churches, the Otomis, and Salitrillo village. They all took place right on time; bringing gifts to the children, blankets for winter, and food for those that were so grateful to receive it. The food, blankets, and toys are all purchased by the ministry. In the past, the gifts were provided by another non-profit organization that flew them in from the United States. The expense of obtaining and transporting those became more of a burden than purchasing them ourselves.

The last newsletter that went out (before the laptop used to design them became too outdated to use) showed pictures of badly needed repairs and improvements at Oasis of Love church in San Luis Potosi. While there are still needs there for air conditioning; the insulation for the ceiling has been completed and provides a much more comfortable environment in the church while looking great!

We Recently celebrated our 21st anniversary at our church.

The Extensions of Jesus ministry outreaches all require travel. Over the years we have worn out our personal vehicles by overloading them with ministry volunteers and lots of food, toys, and blankets for the remote churches. More recently, we've been renting vehicles more suited for the trips for a much safer journey. The church and ministry really need a van of their own.

The van pictured above is a 17-passenger van made in Mexico similar to the van we rented for the Christmas outreaches, but at a much more affordable price of $44,000. We are actively working on getting a down payment together so we can purchase this van for church and Extensions of Jesus outreach. Please contact Sammy by direct message or email for further details if you would like to help.

Additional projects and expenses include the cost of a digital screen for the church sanctuary and improvements for the lady's restroom.

Scheduled Events

April 17-19	**Prophet Isabel Contreras**
May 9	**Women's Breakfast**
May 23-25	**Women's Retreat**
May 30	**Youth Rally**
July & August	**Youth Camp**
August 28-30	**Pastor Cody**

OUTREACHES TO MOUNTAIN VILLAGES

Yesterday, we concluded our Christmas trip to the mountains, where attending the event allowed us to put smiles on many faces. We wish to extend our deepest gratitude to our Lord Jesus Christ, followed by our partners, church members, and all individuals who made this trip an extraordinary success. Our sincere prayer is that many will come to know Jesus through our efforts to share God's unfailing love with those who have not yet heard of it. ❤️

OTOMIS OUTREACH

SALITRILLO OUTREACH

Blessings,

Sammy and Martha Langston
