Speaking Engagements

I love sharing my knowledge and insights from the world of education, leadership and consultancy with educators.

My talks aim to entertain and inform, using real-life experiences, about the struggles and successes of schools globally as we all seek to enrich the lives of those in our care.

If you are a school/ system leader or conference organiser, I'd love to hear from you and see how my talk can add value to your group of leaders or teachers.

Sample speaking topics include:

- o "Increasing teacher well-being through the power of clear purpose, expectations and feedback."

Teacher Growth, Collaboration & Coaching

- o "Building cultures of collaboration within and across teams."
- o "The power of coaching to improve teacher practice."
- o "Increasing open-to-learning mindsets across the teaching body."

Student Agency
