

# SERVICES WE OFFER!

## ● Preventive Surface Protective Solutions:

**Concrete, tile, stone  
and hardwood floors**

Our Sister Company Atlas Polymers designs and builds custom peel able protective coatings for most non porous substrates. Why repair damage if you can prevent it from happening.

**Curtain and  
Window Wall**

We can provide protective solutions for your glass and frames that actually work.

**Tubs, Shower pans,  
sinks and countertops**

Incredibly hard to repair and even harder to replace. Protection Is The Solution!!

## ● Paint Repair Services:

**Aluminum, Steel and  
Vinyl paint repairs**

Our qualified paint technicians can repair the dings, scratches and dents on your window and door frames as well as remove the scratches in the glass. We are certified to apply both liquid solvent based and waterborne Fluoropolymer air dry paints and can have your color matched in 1 week.
