

Farm Dog Workshop

Come practice the skills you and your dog need to pass AKC's Farm Dog Certified Test

What is the Farm Dog Test?

The Farm Dog Certified test is a series of twelve exercises that represent situations a dog may encounter in a farm environment. The basic test requirements are designed to demonstrate a dog's trainability, self-control, confidence and trust when working in partnership with their owner. The test is a non-competitive pass/fail evaluation designed to assess the overall conduct of a dog. The dog must demonstrate self-control when exposed to livestock and other unique sights and scents. The dog should exhibit confidence and a willingness to comply with instructions when confronted with a variety of situations within farm type surroundings. The test is basically Canine Good Citizen Test on the farm.

When and where is this workshop?

**Friday, November 11, 2022
2-4 p.m.
Location: Lack Farm
2100 E. Dexter Trail, Dansville, MI
