ABOUT ME

Hi, I'm Eden, and outside of work I love shopping, playing netball and going to the beach (if it's warm!). I love getting to work closely with people to help them break down barriers and achieve their goals.

EXPERIENCE

Before I began working in the disability sector, I completed a traineeship at a local primary school where I developed foundational skills. For the past 12 months I have been supporting Autistic young women, focusing on building skills for life.
