DISABILITY
SUPPORT CO.

About Me

I am a big netball lover & value getting involved with my local club. It's a great way for me to keep fit. I enjoy all things baking and making a mess in the kitchen. I would describe myself as kind & quick-thinking.

Experience

In my 3 years as a support worker, I have experience across SDA, 1:1 & 2:1 supports and sleepover shifts. I am confident providing personal care and working with complex behaviours. I have completed additional training on dysphasia, manual handling, stoma care, basic wound care, diabetes management and subcutaneous injections.
