Scott Hansen has a great hunt with his friends Wayne and Craig Krueger at Whitetails of a Lifetime LLC near Marathon, WI.

Dear Empowered Dream Hunts Inc.,

I wanted to take this time to thank you so much for giving me an opportunity to hunt. I can't thank you enough for taking the time to help me figure out how to be successful so that I could hunt. I have had lots of struggles with my NF and seizures and I never thought that I would ever be able to get that buck. I had practices shooting in the past and always had problems shooting and I never could figure out why. It was frustrating and I just thought it was another thing I couldn't do. But it did because you guys helped me figure out how to shoot. I cannot tell you how happy it made me feel when you guys had me change the way I shot and I hit the target. I could not believe how happy that made me. With my seizures and other medical problems, people would get nervous hunting with me and you guys did not. Thank you, thank you I had a lot of fun hunting with you guys. It truly was such a great thing. The house was sweet and the ride in the ATV was awesome. Thank you for setting up the targets so I could practice shooting. Thanks for taking me out to the tree stand and telling me the right deer to shoot. Thank you for helping clean the deer and loading it in the ATV. I dreamed of getting a deer forever. The fact that it was a buck was unbelievable. Thanks to you guys I got a buck and it was the best day of my life. I wear my hat with pride and I love showing my friends the picture of my buck. Thank you so much, I will never forget it.

Sincerely,

Owen Polak
