

# BSL Services quote

## BSL quote for Services

My quote for interpreting services, given my years of duty now starts at £45.00 per hour. My working day would be 7 hours, inclusive of a lunch break.

Evening work always starts at £150.00 and week-end work starts at £50.00 an hour. Any assignments to be digitally recorded to be negotiated and a media release form signed. I also can make footage totally accessible, adding captions and edit it the BSL to clips.

If I am expected to travel, there is also mileage added at .45 pence per mile.

Other pieces of work where I am not directly being used as a BSL interpreter but my skills are being used. Then a contract outlining 'my terms of engagement' must be drawn up and agreed upon and in media settings I would expect to be credited for my involvement.
