

## **Office of the Sark Electricity Price Control Commissioner**

### **Notice: Re Consultation on Proposed Price Control Order**

8<sup>th</sup> February 2023

Following a determination by my office on 26<sup>th</sup> October 2022 that the prices Sark Electricity Limited (“SEL”) then charged for electricity were neither fair nor reasonable, I am today publishing a consultation on a proposed Price Control Order. This proposal sets a cap on the unit price that SEL can charge for electricity and is likely to take effect from 01<sup>st</sup> April 2023.

I am seeking representations from SEL, electricity consumers in Sark and any other interested person.

The consultation paper can be found on my website at [epc.sark.gg](http://epc.sark.gg). Please send your responses to [commissioner@epc.sark.gg](mailto:commissioner@epc.sark.gg) by 02<sup>nd</sup> March 2023. If you do not want your consultation to be published, please mark it as confidential. Please also note that I am required by law to give SEL the opportunity to make representations to me on all responses to this consultation.

Shane Lynch  
Commissioner
