

DAWN KENDRICK BIO

The Good Stuff Family is Dawn Kendrick's multimedia platform connecting businesses and private sponsors with good people doing exceptional things.

We are a network of people who produce genuine stories that uplift, encourage and inspire. They are stories told through the lens of a repurposed news reporter who built a following that spans 30 years in four cities.

Together, we offer an antidote to the evening news with a phenomenal cast of characters who rise up with personal stories of compassion, charity, faith and strength.

Most recently, Dawn worked as a reporter for NBC's Channel 3 News where she conceptualized The Good Stuff, producing exclusive stories with her signature style of storytelling on the 11PM newscasts. Her stories have been picked up by multiple national media outlets including NBC Nightly News and USA Today. She is a proud graduate of the University of Missouri School of Journalism. Dawn is an active supporter throughout Northeast Ohio for programs designed to better the lives of individuals and entire communities.

She is so proud to be named Cleveland's 2021 Top 10 Kindland Draft Picks by The Values In Action Foundation.

In 2019, one of her favorite organizations, The Andy Nowacki Scholarship Fund, named Dawn an "Andy's Hero" for her The Good Stuff Family brand of stories.

The Ohio State Pharmacists Association presented Dawn with The 2016 Broadcast Media Award for "Kevin's Story".
