Friday 10 July

- 1000 **James Kimball**
Bocas del Toro: A Living Corridor of Tropical Biodiversity
Bocas del Toro hosts extraordinary tropical biodiversity, linking life zones, endemic species, and migratory corridors through community-supported conservation and protected rainforest habitats.
- 1030 **Anders Gray & Markos Charalambides**
Akrotiri: Cyprus' largest wetland complex in crisis
A vital hub for migratory birds and birdwatching now under threat. What happened and what must change.
- 1100 **Marquinha Martins, BirdLife International São Tomé and Príncipe**
BirdLife International's work for Preventing Island Extinctions. The power of community engagement.
By working directly with local hunters, the project helped shift perceptions about wildlife conservation and sustainable hunting practices
- 1130 **Keith Betton**
Birdwatching in São Tomé and Príncipe
São Tomé and Príncipe are the subject of Global Birdfair's fundraising. They are two amazing islands to visit.
- 1200 **Lilás Nascimento & Leonardo Persi - Visit Brasil**
Your Voyage of Discovery of birds and nature in this amazing country starts here.
Bahia: Lajedo dos Beija-Flores; Rio do Brasil Natural Reserve, Caeté Reserve : Espírito Santo State
- 1230 **John Kinghorn**
Flocking with BirdLife South Africa: One Purpose, Many Birding Adventures
From famed oceans to remote islands and historic railways, discover how BirdLife South Africa's unique birding adventures support conservation efforts.
- 1300 **David Kinchin-Smith**
How wasps helped prevent the extinction of Tristan's Wilkins' Bunting
How a 4yr project on Tristan da Cunha provided hope for an endemic bird species on the brink of extinction
- 1330 **Jenny Weston, RSPB**
Steppe Eagle next steps
Find out more about this endangered species and what RSPB and partners are doing to save this amazing migratory bird.
- 1400 **Yann Rouxel or Zoe Jacobs**
Sustainable fisheries and seafood supply chain choices
Methods and results to date from leveraging seafood supply chains to improve sustainable fishery practices
- 1430 **Martin Kelsey**
Birding in Extremadura - a retrospective
Martin gives a personal reflection on changes over the last 21 years of nature guiding and conservation in Extremadura
- 1500 **Marcelo Gavensky**
Hooded Grebe in Austral Winter (May to August)
Why seeing this species on its wintering territory is a top birding experience (and the easiest way to see it)
- 1530 **Gustav Kiburg, Sony**
'Shooting Wildlife Photography with Sony Alpha'
Join Sony Europe Imaging Ambassador, Gustav Kiburg, for an inspiring wildlife photography talk focused on patience, precision, and capturing truly authentic moments in the wild.
- 1600 **Wenyi Zhou**
Bird Ringing as an Opportunity to Study Avian Distress Calls
This presentation explores how bird ringing stations/projects can facilitate distress call research
- 1630 **Dr. Peter Palatitz**
FALCOPOLIS, the Home of One Million migratory Falcons in Angola
Up to 1 million Red-footed falcons from across the World are proven to roost in each March in Falcopolis, Angola.
- 1700 **John Horton**
The Bird Observatories Council
An insight into the work of the Bird observatories of Britian, Ireland & the Crown dependencies
