

I NABBED ME A MODEL

By Ross

The sides begin after the opening scenes. The edited opening scene is added for to set up the sides. Both scenes are edited for the purpose of the reading.

Plot: Donovan meets a young woman named Jacenta at a bar. Jacenta is made up like a true barbie doll with heavy makeup and exaggerated hair pieces. They talk and have a drink. When Donovan wakes up the next morning, he finds himself in bed with this woman without remembering the night before. This is when things take a dark turn in the name of revenge focused on the industry of good looks. The domination and destruction of Donovan is step one...

OPENING SCENE

INT. JECENTA'S FAMILY HOME - MASTER BEDROOM - MORNING

DONOVAN KANE lies on the bed lifeless. JACENTA lies on top of him pummeling his neck, face and body with a vicious string of fast and unrelenting kisses.

Donovan is out of it, not able to respond to Jacenta's exploration of his body with her lips.

Jecenta moves under Donovan's neck and begins sucking on it in vampire like tones. Donovan's eyes begin to slowly open with his pupils reflecting total confusion. Jacenta lifts her head and notices Donovan's eye movement.

JACENTA

Aww you're awake.

Jacenta then places her lips onto Donovan's and proceeds to try and deep kiss him. Donovan's eyes widen with his confusion increasing.

LATER SCENE:

Donovan has caught his bearings and understands that he has ended up in the home of Jecenta after meeting her at a bar. Apparently he drank too much and doesn't remember riding home with her or the things that transpired during the night.

In this scene, Donovan returns to the bedroom after using the bathroom. He is still a little confused about the entire situation.

Jacenta lies on the bed calmed, pleased, triumphant and smoking a cigarette.

DONOVAN

Interesting place you have here. *Where are we?*

Jacenta takes a confident swig on her cigarette.

JACENTA

(through a nicotine breeze)
My parents second home in Canyon Falls.

The name of the location instantly rings a bell for Donovan.

DONOVAN

Canyon Falls? Isn't that over 100 miles from the city?

JACENTA

Yes. You said you wanted a deep dive with me. This was the perfect place. Secluded. Serene.

Donovan doesn't know what to think.

DONOVAN

I don't remember the car ride at all.

JACENTA

You were pretty out of it after we left the club. But once we made it in, *it was a whole different you.*

DONOVAN

In which way?

JACENTA

You couldn't keep your hands off of me. You were extremely aggressive. I was frightened a little at first, but I could tell you were just in heat.

DONOVAN

Are you saying I tried to hurt you?

JACENTA

You were a little heavy handed, but gentle where it counts. You were blasting on all cylinders. *We went at least four rounds.*

DONOVAN

(stunned)

What?!!

JACENTA

You are quite the performer. You truly enjoyed feeding me your babies.

DONOVAN

I didn't use protection?

Jacenta takes an extended swig.

JACENTA

No you did not.

Donovan's face drops. After a few moments...

DONOVAN

Are you on the pill?

Jacenta locks eyes with Donovan. She then puts out her cigarette in a tray sitting on a night stand. She turns back to Donovan once again...

JACENTA

I am not...

Hell crashes onto Donovan's face...
