Sides 2: Written by Ross

INT. MARLTON HOME - LIVING ROOM - DAY

CELINE is in the midst of a growing agitation towards salty TEDDY.

CELINE

I am just trying to understand why you are snapping at me lately?

TEDDY

I don't think I'm snapping at you.

CELINE

You are definitely snapping at me. I simply asked if you knew where the Lavender coffee was...

TEDDY

And I told you that its in the same place that its always in.

CELINE

(matter of fact)

Well obviously I checked before I asked you the question. Regardless, its not **what** you said its how you said it.

TEDDY

You're just being sensitive.

CELINE

I am not being sensitive damnit. Look I don't know what's going on with you, but you're taking it out on me and **I don't like it.**

TEDDY

You'll get over it.

Celine can't believe the response.

CELINE

There you go again.

TEDDY

Oh you consider my response a version of me 'snapping' as well??

CELINE

No I call it a version of you being an asshole. **A dismissive asshole.**

CELINE (CONT'D)

Let me ask you, Is this attitude
about you not being able to find a
Job? Has your anger for being
terminated boiled over to me??

TEDDY

Why don't you just go do what you
need to do and get off my back?

CELINE

Maybe what I need to do is get the
hell away from you..**permanently.**
