CONSTITUTION

ARTICLE I.

This Association shall be known as the Jackson County Stockmen's Association.

ARTICLE II.

Section 1.—The object of this Association shall be to secure to the members thereof such mutual advantages as may be gained by association and united efforts, and to further as far as practicable the live stock interests of Jackson County, Oregon, and adjacent ranges, and for the protection of same against fraud and swindlers. To prevent the stealing, taking and driving away of stock from their rightful owners.

Section 2.—To enforce the stock laws of Oregon. To keep up a directory of brands and marks in book form and see that each member be furnished with a copy. To prevent unscrupulous persons from taking undue advantage of a member's high grade bull on the range and

any other advantage that may be had by such an organization.

ARTICLE III.

Section 1.—The affairs of this Association shall be conducted and managed by a president, vice-president, secretary, treasurer, executive committee and board of advisors. The executive committee shall consist of the president, vice-president, secretary and two (2) members of the Association at large. Three of which shall constitute a quorum. The officers and above committee shall be elected at the annual meeting each year. Written proxies in the hands of members approved as genuine by the Executive Committee may be voted at regular elections. The president and secretary of the Association shall act as president and secretary of said Executive Committee, and that said committee shall have the power to fill any vacancies that may occur by death or otherwise in their body or among the officers of this Association. Such appointees shall hold office until next regular election.

Section 2.—The president shall preside at all meetings of the Association. He shall see that all laws and regulations thereof are faithfully executed, and to per-

form such other duties that may be required of him in this constitution, as well as those necessary to secure the objects and best interests of the Association not herein provided for.

Section 3.—The vice-president, in the absence of the president, shall perform the duties of the latter, and if he be absent a president pro tem may be elected.

Section 4.—The secretary shall keep accurate minutes of the transactions of the Association. He shall keep a roll of members and write and send all communications for the Association, such as he may be directed to write and send by the Association or Executive Committee. He shall draw orders on the treasurer when directed by the president and shall make a full report of all transactions of his office at each annual meeting. He shall deliver to his successor all books, papers, moneys and other property in his possession belonging to the Association. He shall visit the County Clerk's office twice each year and copy off all brands and marks recorded during the previous six months and keep a record of brands, marks and such other information concerning the members, such as stock, range, prices, etc., as may be furnished him by the members of the Association. He shall furnish the chief of police

of each city or town in the county and adjoining counties a copy of the brand book and request him to notify the Association of any stray stock whose proper owner cannot be ascertained, that said Association may assist in finding the rightful owner thereof. He shall receive postage, stationery and such compensation as the Executive Committee may determine.

Section 5.—The treasurer of this Association shall receive all moneys belonging to the same from the secretary and pay the same out only on order of the president, attested by the secretary. He shall make a report at each annual meeting of the Association and such other times as the Association may direct, of all transactions of his office, producing therewith vouchers for all moneys paid out. He shall deliver all books, papers, moneys and other properties in his possession belonging to the Association to his successor in office, and shall give bond to the Association in such sum, with such securities, as may be approved by the Executive Committee of the Association, conditioned that he shall faithfully perform all the duties of his said office.

Section 6.—The Executive Committee shall have entire control of the business of the Association during its adjournment.

They shall represent the Association before the County Commissioners, also before the Legislature, when deemed necessary, and in other similar positions during adjournment of the Association. At each annual meeting they shall recommend such measures as they deem necessary and make a report to the Association in regard to matters requiring their attention.

ARTICLE IV.

Section 1.—The advisory board shall consist of one member from each natural range division of the county and ranges adjoining, to not exceed fifteen members, whose duty it shall be between the first day of October and February of each year to collect all the estrays in his district and furnish the secretary of the Association with a list of such stray stock, who shall proceed to find the proper owner. Any stock whose proper owner cannot be found shall be branded and sold in the name of the Association according to the Statutes of Oregon. This advisory board shall be appointed by Executive Committee, who shall have power to district the county and adjacent ranges.

Section 2.—All members of advisory board shall send in any information to the secretary that may be of benefit to the

Association and solicit membership to the Association.

ARTICLE V.

Section 1.—The annual meeting of this Association shall be on the second Saturday in February of each year at 10 o'clock a. m., at any place the previous meeting may decide upon. Special meetings may be called at any time by the president, or in his absence, by the vice-president, and shall be called whenever requested by seven members. Seven members shall constitute a quorum. The call for special meetings shall state the object and place of such meetings and any other urgent business that shall come before said meeting shall be transacted.

ARTICLE VI.

Order of Business at Meetings.

- 1—Reading minutes of last meeting.
- 2—Report of treasurer.
- 3—Unfinished business.
- 4—New business.
- 5—Election of officers including Executive Committee.
- 6—General business.
- 7—Adjournment.

ARTICLE VII.

No person shall be a member of this

Association except a person owning or controlling live stock and engaged in the business of breeding, growing or raising the same for profit. To become a member of this Association all persons must send in their names to the secretary, each name must be accompanied by a fee of \$2.00 together with a statement of brands, marks and range of his stock, also the names of individuals comprising his firm or all the officers, if a company, and the postoffice address of each. Each applicant must send in a copy of his brand burned on leather. His application shall be referred to the Executive Committee, who shall examine said application, and if they deem him a proper person the secretary shall notify and place his name upon the list. All persons admitted as members bind themselves and employes to the observance of this constitution on a penalty of forfeiture of membership. Membership must be personal.

ARTICLE VIII.

Each member shall pay annual dues of \$1.00, payable at the February meeting of each year, and no person shall become a member without such payment in advance. Any member who shall be in arrears for more than one year for dues or

assessments shall be dropped from the roll of members and shall cease to become a member until such payments shall have been made. All members shall be subject, not oftener than once per annum, to one assessment of not exceeding four cents per head on all stock owned by such person. Said assessment must be paid to the secretary within ninety days from date of levying the same. An initiation fee of \$1.00 shall be levied on persons becoming members of the Association to defray expenses of brand book.

ARTICLE IX.

Section 1.—Any member who shall divulge the proceedings of, or action taken, in any meeting of the Association to any person or persons, or do any act calculated to, or that may, injure or defeat any proceedings or action of this Association or officers thereof, that may be instituted for the purpose of its protection, or that of any members under the laws of this state or of this constitution or that may be subversive of the interests generally of the Association; shall have a fair and impartial hearing at a special meeting called for that purpose or at the annual meeting and if found guilty by a majority of members present shall be expelled.

Section 2.—Any member of this Association who shall be expelled therefrom as aforesaid, shall not be again received as a member thereof and stockmen generally shall be notified of such expulsion.

Section 3.—It shall be the duty of each member to report at once to the president of the Association of any cases of unlawful altering of brands or marks or any attempt of anyone to kill, drive off the range, to secrete or take possession of stock not belonging to him. The Executive Committee is hereby authorized to take such action as deemed advisable to bring such persons to justice.

Section 4.—Any member wishing to pool his stock with others for sale shall notify the secretary of the Association of the number, kind and grade and at about what time he wishes to sell. The secretary shall then notify all the other members that they may place their stock in pool if they so desire.

ARTICLE X.

Should two or more persons, members of this Association, claim the same stock and not be able to determine the rightful owner thereof among themselves, they shall immediately notify the president, who shall appoint five disinterested members

to audit and decide ownership of such stock and said committee shall without delay proceed to investigate the case and determine who the rightful owner thereof is and to assess the expenses of said arbitration as they see fit, not to exceed, however, the sum of 10 cents per mile traveled and \$1.50 per diem.

ARTICLE XI.

Section 1.—This constitution shall not be annuled or amended except at the regular annual meeting and then only by a vote of two-thirds of the members present. One-fifth of all enrolled members shall constitute a quorum at regular annual meetings.

Section 2.—Robert's rules of order shall be used to settle all parliamentary disputes arising in the transaction of regular business.

Respectfully submitted,

GEO. OWENS,

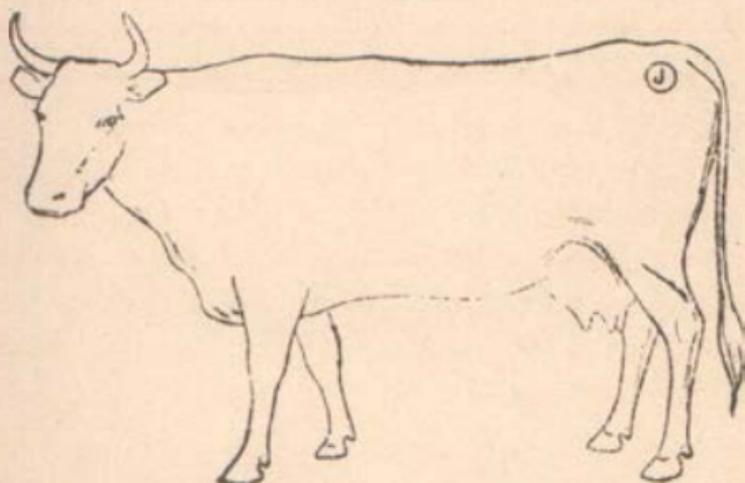

HOMER BARRON,

WELLA BEESON,

D. H. JACKSON,

GRANT RAWLINGS,
