

BOAT DIVER COURSE REQUIREMENTS

Prerequisites:

- Minimum age 10 years
- Certified as (Junior) Open Water Scuba Diver

Performance Requirements:

Successfully complete the Knowledge Development module

Two dives demonstrating:

- Identify the following areas of the specific boat used on the dive: bow, stern, starboard, port, entry area, exit area, and area to stow diving equipment
- Locate emergency/safety equipment aboard the boat: first aid kit, oxygen, AED, dive flag, radio, life jacket and fire extinguisher
- Perform a proper entry specific to the type of boat used
- Perform a safety stop for at least 3 minutes at 5 m./15 ft.
- Perform a proper exit specific to the type of boat used
- Demonstrate the ability to construct a dive plan that takes into account the type of boat used and the diving environment
