

THE AUTOFLOWER CUP 2022 redwoods + ruderalis BROUGHT TO YOU BY CAMP RUDERALIS

THE AUTOFLOWER CUP 2022 ENTRY REQUIREMENTS, RULES + REGULATIONS

Thank you for entertaining the idea of entering The Autoflower Cup 2022 brought to you once again by Camp Ruderalis. This year Camp Ruderalis will be hosting The Autoflower Cup 2022 in mid-November. Just think redwood forests and Ruderalis... 2022 will have us setup in The Emerald Triangle of Northern California among some of the most recognized legacy farms and farmers of our time. More and more states are becoming legal, and we are seeing a huge interest in autoflowers as Ruderalis education continues to advance and now have several new large-scale operations growing Autoflowers. The Autoflower Cup is a double-blind competition and open to all Ruderalis growers.

For those of you that weren't lucky enough to join us in 2019 or 2021, this year you can expect legacy farm tours, educational speakers, a smoke lounge, a bourbon bar, BBQ, music, a couple of workshops, a seed swap, a One Tree Planted charity auction, a Safe Access Market, and of course the iconic Northern California redwoods. The First Annual Autoflower Cup in 2019 took place at a clandestine campground in Central Oregon where @Firebudz101 took 1st place with Blackberry Kush Autoflower from @FastBudzGenetics and @FullDuplex_afn took 2nd place with Bobby's Widow by @Gnome_Automatics. At the 2021 Autoflower Cup, 1st place went to @Florofarm with Special Reserve Cookies III by @BrothersMendelSelection, and 2nd place to @bullze.y.e with Grape Slurricane, and 3rd place went to @nancy67wallace of @castiofarm with Titanic Three Bears OG. The 1st place Extracts trophy went to @FullDuplex_afn with Coal Miners Daughter by @Gnome_Automatics and the edible category was won by @greenloveorganics_chef with Sour Stomper by @_mephistogenetics.

This year's physical cup and award ceremony will be in mid-November. All entries are due by Thursday, October 27th, 2022, to allow the cannabis industry judges adequate time to properly evaluate your entry samples.

IF YOU WANT TO ENTER THE 2022 AUTOFLOWER CUP GROWERS' COMMUNITY, THERE ARE A FEW RULES...

ONE: SUBMISSION DUE DATE

All submissions are due no later than midnight **Thursday, October 27th, 2022**. There are no excuses, you have had months to plan. We realize this date may not fit some of your grow schedules and for this we are completely sorry. Again, all submissions are due no later than midnight **Thursday, October 27th, 2022**.

TWO: SUBMISSION AMOUNT REQUIREMENTS + CATEGORIES

- Flower: 35 grams (packed in one large mason jar)
- Extract: 8 grams (packaged in 1 container)
- Edibles: 12 pieces (individually wrapped pieces)

THREE: SILENCE IS GOLDEN

Autoflower Cup growers have long been members of a secret underground society, operating in the shadows of LED's and maybe even old-school high-pressure sodium's. Either in a closet, a tent, or a basement. This society is like Fight club... you do not talk about fight club or your grow... We've survived in the shadows this long because pretty much everyone we deal with has whole-heartedly adhered to this rule. Our policy on "telling" other people is extremely simple-PDT (please do not tell unless of course it's peeps already growing Ruderalis). But we understand completely that there is only so much we can do and control. Disclaimer: So, if people do decide to spill the beans, we will be forced to get medieval on their ass and call a couple of hard, pipe hittin' mothafuckahs who will go to work on em' with a pair of pliers and a blow torch. (PS. That was stolen from Marcel Wallace on Pulp Fiction).

FOUR: CATEGORICALLY SPEAKING

AUTOFLOWER CATEGORY

Open to autoflower genetics and growers only (lineage and genetics info is due with all entries). Indoor, outdoor, indica dominant, sativa dominant, home growers, closet cultivators, basement bandits, and/or licensed growers are all welcome.

AUTOFLOWER EXTRACTS CATEGORY

Open to any form of Autoflower extracts. Hash, BHO, CHO, PHO, bubble, solventless, squish, etc.

AUTOFLOWER EDIBLES CATEGORY

Open to any ingestible food products or tinctures made with Autoflower cultivars.

"ANYTHING BUT" AUTOFLOWER

Open to photo periods cultivars. Indoor, outdoor, indica, sativa, home growers, farmers, and licensed cultivators.

FIVE: DON'T STAND ON CEREMONY

The "Anything But" category is for those growers that grow photo period flowers. We did not want to leave anyone out. Although this category is not our focus, we wanted to give all growers a chance to show off their work. And like Grandma said, "Everyone is welcome at our table." We will also be asking that you provide a full genetics and lineage report with every entry submitted. Explaining in detail the origin of the genetics used. Some of this information may be included in Instagram posts. So, if you do not want it in the public eye, do not include it.

SIX: THE AUTOFLOWER COMMUNITY

If you or one of your guests decide to inform the local bureaucrats about our whereabouts, existence or share info on any associate growmies, we will be forced to oust you like the Feds did that rat Sammy the Bull Gravano. This is a private, members only event, so keep this in mind when you are snapping photos like a rookie federal agent at a mob funeral. Some of those in the crowd and even your peers may choose to live in complete anonymity, that means no facial photos... and do not post them without permission if you do take them. And if you do post them, expect a call...CPS. We will have a professional photog in the crowd at the award ceremony.

SEVEN: BEING JUDGEMENTAL

Your finest autoflowers, extracts, and edibles will be judged by none other than your peers, the who's-who of the cannabis industry and will include executives from High Times Magazine, Grow Magazine, Dope Magazine, the founders of the Dope Cup, cannabis authors, professional athletes, iconic cannabis growers and legendary breeders. We have nothing to do with the results... it is a double-blind judging system.

EIGHT: ENTRY FEES & REQUIREMENTS

There will be a \$200 entry fee per flower, extract, or edible sample (non-refundable). The entry fees will help cover the judges kit and processing fees. So, let's be perfectly clear, 2 entries mean \$400, 3 entries means \$600, so on and so forth. Remember, your finest Autoflower products are due no later than midnight on **Thursday, October 27th, 2022** (no fucking excuses). Mail all entries to 3611 M Street, Vancouver, WA 98663
Limited in-person pickups will be available in Seattle, WA and Portland, OR upon request.

NINE: RISK ASSESSMENT

We realize greatly that choosing to ship a jar of your best flower is a huge risk. So, we will leave it up to you to decide what risk you are comfortable with. Personally, we believe wholeheartedly a win at the cup is well worth the potential risk. Remember a win at the cup will bring a huge amount of attention and economic benefits to your brand or genetics. We greatly appreciate you taking the risk. Makes me remember the old days and brings back memories of the first cannabis cups. Imagine the risk those growers took in the 70's, 80's and 90's.

TEN: IRL

You do not have to be present (in real life) at the cup and the awards ceremony. Although we would love to have you present for the festivities. If you do happen to win in absentia, we will inform you immediately. We will also gladly mail your trophy without any issues.

ELEVEN: APPROVED MEANS OF FLEXING

As much as we want to remain in the shadows, we are slowly becoming legal in state after state. With that said if you want to brag about your involvement in The 2022 Autoflower Cup please give us a follow @theautoflowercup2022 or @campruderalis and use and abuse the following hashtags: #campruderalis #uptacamp #TAC2022 #redwoodsandruderalis #theautoflowercup #theautflowercup2022 #growingautosforthecup #awildcannabiscompetition #ruderalis #theofficialautoflowercup2022hashtag
