Fueling Young Filmmakers — *One Lunch at a Time*

Cynthia Pierce, Founder & CEO of Resolution Resource Group, LLC, is proud to donate lunch for the children in the Lights Camera Discover summer program — because great work deserves a great meal.

👤 Youth Filmmakers & Artists

📅 Summer 2025

📍 Arizona

"When young people are given the space to create, discover, and grow — they transform. Showing up to support that work, even in a simple way like providing a meal, is one of the most meaningful things we can do as a business and as a community."

— CYNTHIA PIERCE, FOUNDER & CEO · RESOLUTION RESOURCE GROUP, LLC

—COMMUNITY MATTERS · 2025

Nourishing the Next Generation of Storytellers

At **Resolution Resource Group, LLC**, our Community Matters program is built on a simple belief: the most powerful investments a business can make are in the people and organizations that are actively shaping the future of our community. In 2025, we are proud to extend that investment to the young filmmakers, animators, and storytellers of **Lights Camera Discover**.

Cynthia Pierce, Founder & CEO of Resolution Resource Group, is donating lunch for the children enrolled in the Lights Camera Discover summer program. It is a straightforward act of generosity — and a deeply intentional one. These students spend their summer days learning, creating, and pushing the boundaries of their own imaginations. The least we can do is make sure they are fed and ready to do their best work.

"A full stomach and a clear mind are the foundation for

creativity. We want every child in that program to show up ready to learn, ready to create, and ready to shine."

ABOUT THE ORGANIZATION

Lights Camera Discover (LCD)

Lights Camera Discover is an Arizona-based **free-to-attend 501(c)(3) nonprofit** devoted to providing underserved middle and high school youth with opportunities to develop confidence, build self-esteem, and learn teamwork through the performing and digital arts. Students learn digital filmmaking, photography, acting, screenwriting, animation, website design, and more — guided by seasoned professionals in each field. Their **2026 Summer Camp** runs **June 1 - July 10, 2026**, Monday–Friday, 8:30 AM – 4:30 PM, serving approximately **60 students** daily, ages 8–18. Their mission: "*turning imaginations into opportunity.*" Follow them on Instagram at [@lcdprogram](#).

—WHAT LCD STUDENTS LEARN

A Full Creative Education, Completely Free

What makes Lights Camera Discover so remarkable is the breadth and depth of what they offer — all at no cost to students or families. Through their summer program, young people gain real, marketable skills alongside a deeper understanding of their own creative potential.

DIGITAL FILMMAKING

SCREENWRITING

ACTING

PHOTOGRAPHY

ANIMATION

WEBSITE DESIGN

Lights Camera Discover is a local nonprofit organization dedicated to teaching youth filmmaking, teamwork, and confidence through digital arts and STEAM education.

This summer, we're hosting a **6-week camp** right here in our suites—and we need your help to keep our students fed, focused, and ready to learn!

PROGRAM DETAILS

June 1 – July 10, 2026
 Monday–Friday | 8:30 AM – 4:30 PM
 Serving youth ages 8–18
 Approximately 60 students daily

HOW YOU CAN HELP

Sponsor lunch for a day
 (full or partial)

Provide meals, snacks, or drinks

Partner with us weekly during camp

Donate gift cards
 (Costco, grocery, restaurants)

WHY IT MATTERS

For many of our students, this is more than a camp—it's a safe, creative space where they build confidence, learn real-world skills, and stay engaged all summer.

Your support helps ensure every child is fed and focused.

WHAT YOU GET

- ✓ Recognition on our social media
- ✓ Thank-you spotlight during our final showcase
- ✓ The opportunity to directly impact youth in your community

Thank You!

Your generosity helps us empower the next generation of storytellers and leaders.

Together, we can make a lasting difference.

Beyond the technical skills, LCD's programs are built around **anti-bullying awareness, social consciousness, and community pride**. Students don't just learn how to make films — they learn how to tell stories that matter, advocate for their communities, and believe in their own self-worth.

Why RRG Chose to Support LCD

The connection between Resolution Resource Group and Lights Camera Discover runs deeper than a lunch donation. Both organizations share a core belief: that every person deserves the opportunity to discover their potential and be seen, heard, and valued in their community.

LCD serves **underserved youth** — young people who might not otherwise have access to professional mentorship, quality equipment, or the kind of creative education that opens doors. When Cynthia learned about the work LCD is doing each summer, the decision to get involved was immediate.

Removing Barriers

LCD's program is completely free to attend, removing financial barriers so that every young person who wants to participate can — regardless of their family's circumstances.

Building Futures

Students who graduate from LCD's program carry real skills, real confidence, and a real sense of what they can achieve — many going on to pursue careers in media, communications, and the arts.

Providing lunch during the summer program ensures that students can focus entirely on learning — not on hunger, not on logistics, not on anything other than developing their craft. It is a small act with an outsized impact, and it reflects exactly what the **Community Matters program** is designed to do: meet people where they are and support the work that is already making a difference.

—THE BIGGER PICTURE

Part of Something Larger

The LCD lunch donation is one of several Community Matters initiatives Cynthia and Resolution Resource Group are proud to carry out in 2025. Alongside her monthly volunteering with **Borderlands Produce Rescue** at Scottsdale Baptist Church, this partnership with Lights Camera Discover reflects a deliberate, year-round commitment to giving back — not in a single grand gesture, but through consistent, meaningful acts of service.

Resolution Resource Group's Community Matters Program

Our Community Matters program is the engine behind RRG's community giving in 2025 — connecting our business directly to the nonprofits, programs, and people that are doing the most important work in our Arizona community.

"Businesses don't exist in a vacuum. We are part of this community, and we have a responsibility — and a genuine desire — to invest in it. Supporting LCD and programs like it is how we honor that responsibility."
