

ONE WATERSHED ONE PLAN ADVISORY COMMITTEE

July 2019

JULY TASKS AND TIMELINE

Task 2.2: Identify and Prioritize Resources and Issues

- Subtask 5: Manage policy committee agreement on the priority issues that will be addressed in the ten-year plan.

Task 2.3: Establish Measurable Goals

- Subtask 2: Determine what modeling approaches or tools will be used to estimate the progress that can be made toward the long term goal in the ten-year plan period.
- Subtask 3: Select indicators that will be used to describe progress toward the long term goal.

GROUP ACTIVITY OVERVIEW

An email was sent out to the advisory committee to take a look at this meeting's group activity for setting goals in the Resource Restoration Focus and Land Management Focus areas. Committee members should have taken some time to look at the issue statements for these categories prior to the advisory committee meeting and think about some short- and long-term goals.

At the July meeting, committee members will have a chance to work with their groups to discuss the goal setting activity. Following this discussion, advisory committee members will have the opportunity to brainstorm about potential actions pertaining to the issue statements.

REVIEW OF JUNE MEETING

- Reviewed the draft vision statement: Mississippi Headwaters communities answering the call to protect and improve: Our waters, forests, economy, future.
- Reviewed draft issue statements and worked on brainstorming short- and long-term goals for each statement under the Resource Protection Focus.
- Chris Parthun from Minnesota Department of Health presented on the importance of protecting source waters, the impacts on drinking water, and the connections to public health.
- Discussed desired outputs for the public kickoff meetings, to be held at the end of July.

Public Kickoff Meetings

- Meeting in Bemidji will be at Bemidji Brewing on Monday, July 29, 2019 from 4pm-7pm
- Meeting in Grand Rapids will be in the Aspen Room at Timberlake Lodge on Tuesday, July 30, 2019 from 4pm-7pm.
- We will review draft of public survey.
