

Welcome

TO OUR HOME

REEL PARADISE

164 BLUE LUPINE WAY #113, SANTA ROSA BEACH,
FL 32459

Meet The host

Our little family lives in Atlanta and purchased Reel Paradise in 2022. We fell in love with 30a in 2016 after spending a week here. We love the idea of sharing this slice of paradise with others.

Having two toddlers, it was hard for us to find the perfect beach vacation property that offered the extra things we would normally have to drag down with us. We wanted to create a rental that allowed families with small children to pack a little lighter!

Sea Turtles

PROTECTING ENDANGERED SEA TURTLE INFORMATION

Waltons 36 miles of coastline is home to several endangered sea turtle species. As a beach goer, please help us protect their natural nesting habitat. During nesting season, May 1st thru October 31st, please observe the following regulations:

- Stay Away: If you see a sea turtle it's important to stay out of its way. Any distractions could disorient a turtle, preventing them from finishing their nest
- Clear the Beach: Never leave beach chairs, tables, trash, or other items on the beach overnight
- Fill Holes in the Sand: Before exiting the beach, demolish all sand castles & fill any holes in the sand - turtles get trapped!
- Turn Off Lights: When walking the beach at night turn off unnecessary lights. Lights disturb nesting sea turtles and hatchlings
- Shield Flashlights: When using flashlights, keep them pointed at the ground
- See Something Say Something: If you see a trapped turtle or hatchlings heading away from the water, contact the Florida Fish & Wildlife Conservation Commission (FWC) 1-888-404-3922
