Alternate Director: Rene Hawthorne

Water Plant expenses this quarter came in at \$11,946.84 Waste Water expenses this quarter were \$29,188.32 and Outstanding Leins to date are \$25,777.27.

Please remember do not flush disposable wipes as they plug up the pumps and that makes the cost of repairs go up. We have spent \$5,490.00 on pumps in the last Qtr.

We are leasing a printer now which has cut way down on our printer cost but postage cost have really gone up so if anyone would like to sign up for paperless billing it would be appreciated. You can call us and we can do it for you or you can go to [rpuma.org](http://rpuma.org) to sign up yourself.
