

Come as an attendee, leave as a friend

Deadline for Board Nominations has been extended!

Are you looking for a way to get involved and help users in the Banner community? We have the place for you! We are currently seeking nominations for the CoHEsion Board of Directors! Individuals may nominate themselves or be nominated by a CoHEsion member.

CoHEsion offers a variety of opportunities for the Banner user community and provides an independent voice for all Banner users.

To nominate an individual or to express personal interest in serving, complete the Board of Directors Nomination Form.

Argos on the Road

Evisions is taking Argos on the road! That's right, we're packing up our DataBlocks, tossing our Data Dictionary in the car, and stocking up on OLAP Cubes! Argos on the Road is a new roadshow series from Evisions in which we bring Argos to you, the users.

Each roadshow will provide Argos users of varied experience levels the opportunity to build their skills through immersive hands-on work in Argos. We're talking real-world projects and problem solving led by Evisions Argos experts. Argos on the Road will also feature opportunities for discussion and networking.

Argos on the Road will be stopping to refresh and refuel – both ourselves and our users during 2024. We hope you'll make plans to join us at our Irving, TX rest stop, September 29, 2024!

David Kent Consulting: Leading Innovation in Higher Education

David Kent Consulting stands at the forefront of higher education innovation, offering tailored consulting services designed to maximize technology investments. With deep expertise in Oracle, Ellucian Banner, and Cloud services, they deliver practical and sustainable solutions to address the unique challenges of the education sector. Their unwavering commitment to excellence ensures that institutions can optimize their operations and achieve long-term success, positioning them as leaders in educational innovation.

A standout aspect of David Kent Consulting is their Ellucian Banner consulting. This service addresses a wide range of needs, from student management and financial aid support to advanced technical implementations such as cloud transformations, business analytics, system administration, and full managed services.

What truly sets David Kent Consulting apart is their game-changing cloud approach. Their cloud-native transformations and automation services enable institutions to modernize their infrastructure, reduce costs, and improve performance. By leveraging cutting-edge technologies such as containerization and Infrastructure as Code (IaC), they ensure educational institutions can swiftly adapt to changing demands and remain competitive in a rapidly evolving landscape. This forward-thinking approach not only enhances operational capabilities but also fosters an environment of continuous improvement and innovation.
