Presidential Award Winner

Traci Ellington
Arkansas State University - Jonesboro

The 2021 recipient of the Presidential Service Award has been a long time favorite at CoHEsion Summit. They have had many years of service not only as an attendee but as a presenter and track chair. This person is willing to do whatever is asked and do it to the fullest potential.

Always ready to lend a hand and help out in any way with a smile. You can often find them encouraging networking and helping attendees navigate the conference. They are always ready

to lend a hand at rounding up presentations to all tracks not focusing only on their own. They can be described as a true Team Player.

Please join us in congratulating the 2021 Presidential Service Award winner, Traci Ellington!
