1.0 MEETINGS

1.1 BOARD MEETINGS

The Board will meet at least two (2) times per year in person. The Board may agree to hold other meetings during the year as necessary to manage the activities related to the corporate entity and to provide leadership.

1.2 COMMITTEE MEETINGS

Committee meetings and other meetings may be held as necessary with prior Board approval.

1.3 ANNUAL BUSINESS MEETING OF THE MEMBERSHIP

An annual business meeting of the membership shall take place at all conferences.

2.0 EXPENSES/REIMBURSEMENTS

Board and Committee Members will be reimbursed for actual and necessary expenses incurred because of participation in official CoHEsion business. Such individuals should make every effort to be frugal and conservative in their use of CoHEsion funds to keep administrative costs to a minimum. All reimbursement requests will be evaluated by the Treasurer for appropriateness and reasonableness. Claimants should not be unduly benefited personally by their participation with CoHEsion. The Treasurer is given authority to administer this policy and will notify the President of any policy abuse. Any exceptions to these policies must be approved in advance.

2.1 TRAVEL EXPENSE REIMBURSEMENTS

- 2.1.1 Board/Committee Meetings:** Normal and usual expenses incurred because of participation in these meetings or while performing other Board-authorized duties will be reimbursed.
- 2.1.2 Expense Report:** A CoHEsion expense report with all supporting receipts and signed expense form must be approved by the Treasurer before payment can be made. The receipts and expense form may be the originals or scanned and sent electronically.
- 2.1.3 Board and Committee Members Travel expenses:** Board and Committee members should use good judgment when making travel arrangements and reduce costs whenever possible by using supersaver and discounted fares. Transportation to and from airport/hotel, airport parking, and hotel parking expenses will be reimbursed. Travel expenses by personal automobile will be reimbursed at the current rate allowed by the IRS. Limo/Town Car/Taxi between home and airport more than \$50 one way requires justification in writing. Air travel is the CoHEsion norm. Other modes of transportation may be mandated or approved by the Board. Alternate modes of travel are generally reimbursable up to the lesser of the most reasonable airfare or the alternate travel. The member is required to provide a cost comparison (see Policy #2.4).
- 2.1.4 Hotel accommodations:** All hotel accommodations should be booked at conference facilities. Allowable charges generally are limited to single room rate. Alternative arrangements must be approved in advance by the President or the Treasurer. Whenever practical, hotels should be asked to provide complimentary room accommodations.
- 2.1.5 Meals:** Daily limit for meals (exclusive of gratuities) when traveling is \$75. Actual costs will be reimbursed up to the maximum upon submission of required receipts; however, the Treasurer,

where appropriate, has the authority to make exceptions to the maximum where meal costs are high. Persons who pay for group meals should list the names of persons for whom the meals were paid. If an attendee elects not to attend a group meal function, no reimbursement is paid for that alternate meal.

2.1.6 Miscellaneous Expenses: Baggage handling, reasonable personal telephone calls not to exceed \$10 a day supported by receipt(s), taxi fares, and gratuities are reimbursable expenses. Gratuities should be included with the service to which they pertain and not to exceed 20%. Exceptions will be determined by the Treasurer. Business-related telephone calls made to a claimant's employing institution are not generally reimbursable by CoHEsion. Internet access fees are reimbursable at a maximum of \$15/day.

2.2 EXPENSE ADVANCES

An individual may request an advance of funds to cover necessary expenditures (associated with travel) for official CoHEsion business. Individuals should submit a detailed request to the CoHEsion Board Treasurer at least 30 days prior to needing the funds. The amount for travel advances shall not exceed 80% of estimated allowable expenses prescribed in Policy 2.1. A detailed estimate of expenses must accompany the request for an advance. The Treasurer will have the authority to approve advances. Final settlement of travel reimbursement requests (including reference to any applicable advances), with appropriate documentation of expenditures, must be submitted within 15 days of incurring the expense.

2.3 GUEST ATTENDANCE & EXPENSES

2.3.1 Guest Attendance at Planning Meetings: Due to the focused nature of Conference and Program planning meetings, guest attendance is discouraged. Guests are not allowed to attend the planning meeting. Allowable charges will be limited to single room rate (see policy 2.1.4) and guest meals will not be covered. Exceptions must receive prior Board approval.

2.3.2 Board Guest at Board Meetings and Events: Board members may bring a guest to a Board meeting or event with prior approval of the Board.

2.4 OTHER REIMBURSABLE EXPENSES

Actual expenses, supported by receipts, incurred by a member or an institution as a result of conducting official CoHEsion business as directed by the Board, will be reimbursed. However, any such expenses not previously built into the approved conference or administrative budgets must be approved in advance by the Board.

2.5 REIMBURSEMENT PROCEDURE

Expense reimbursement forms shall be submitted as directed with the appropriate supporting documentation. Reimbursements will be made in as timely a manner as possible upon receipt of proper documentation. Business, as directed by the Board, will be reimbursed. However, any such expenses not previously built into the approved conference or administrative budgets must be approved in advance by the Board. Airfare may be reimbursed in advance of travel; however, if the attendee is unable to attend the meeting as scheduled, the entire amount of the airfare is due to CoHEsion.

3.0 CONFERENCE ADMINISTRATION

CoHEsion will allow a transfer of registration to a replacement attendee at no cost.

The guest registration fee should cover the actual cost of guest attendance at the specific functions to which it applies. All guests attending these functions must pay the guest registration fee.
- 3.1.3 Past Board Registration Fee:** Past board members will receive a discounted rate same as the current presenter rate.

3.2 REGISTRATION FEE AND / OR CONFERENCE REGISTRATION CANCELLATIONS

- 3.2.1** Conference registrations may be canceled, and registration fees returned, less a non-refundable \$100 administrative fee, if CoHEsion is notified in writing by published cancellation date prior to the start of the conference. Refunds will not be made for cancellations received after the cancellation deadline. Exceptions may be granted on a case-by-case basis by the Board (e.g., for medical emergencies). The refund is handled as a full credit, less administrative fee, to be used by the attendee or anyone from his/her institution for the following years' CoHEsion conference.
- 3.2.2 Substitutions:** Institutions may choose to substitute conference attendees if necessary. CoHEsion should be notified at least one week prior to the conference if one attendee will be substituting for another registered attendee so that an accurate list of attendees can be prepared. The presenter may attend one of the day's meal functions (breakfast or lunch).

3.11 VENDOR/EXHIBITOR SPONSORSHIP & ADVERTISING

The Board will be sensitive to sponsor concerns regarding Vendors/Exhibitors and take appropriate action. Vendor participants are prohibited from attending sessions that cover a product/service for which they are considered a competitor. CoHEsion asks that exhibitors cooperate with other exhibitors and the Conference Committee by departing from any presentation they are asked to leave.
- 3.11.2 Conference Fees/Sponsorship:** The Board will establish appropriate fees and sponsorship opportunities for vendors/exhibitors. Review <https://cohesioncentral.org/exhibitor-sponsorship>.
- 3.11.4 Conference Attendee List:** The Board will provide an electronic attendee list 2 weeks prior to conference dates, which includes email and mailing addresses.

3.12 AVOIDANCE OF SPECIAL HOLIDAYS & OTHER CONFERENCES

Conference dates should be carefully selected to avoid special holidays, such as religious holidays, and other conferences to which a significant number of members might be expected to attend.

3.13 SITE SELECTION

The CoHEsion Board of Directors will solicit and negotiate potential future conference sites.

5.0 RECORDS AND PROPERTY MANAGEMENT

This policy identifies and clarifies requirements, administrative roles/responsibilities, and the scope of Records and Property Management for CoHEsion. No official or agent has, by virtue of their position, any personal or property rights to official records even though they may have helped develop or compile them. Unauthorized destruction, removal from files, or personal use of official records is prohibited.

5.1 RECORDS

The specific objective of these policies is to meet legal, fiscal, administrative, and historical requirements by managing records throughout their life cycle.

5.1.1 General Policy: In managing such documentation, it is the general policy of CoHEsion to:

- Create only the records it needs.
- Retain records according to established Records Retention Schedules.
- Maintain active and inactive records in appropriate storage equipment and locations.
- Archive records of historical significance.

- Identify and protect vital records.
- Discard records no longer required.

5.1.2 Maintenance of Records: Each official or agent of CoHEsion is responsible for the maintenance of records within his/her control. During and at the end of his/her term of office, all appropriate records in any format will be forwarded to the designated records manager.

5.1.3 Records Manager: The CoHEsion Board Secretary is the official Records Manager.

5.1.4 Records Definition: Records are the evidence of what the organization does. They capture business activities and transactions such as contract negotiations, business correspondence, personnel files, and financial statements, just to name a few. A record is any recorded information, regardless of medium or characteristics, made or received by an organization that is evidence of its operations and has value requiring its retention for a specific period. This information is significant or vital to the organization and legally recognized with judicial enforceability as a recorded fact. Many copies of a record may exist. Most often the official copy of the record is the original version created by the original author.

5.1.5 Record Formats: A record may exist in several formats including, but not limited to, various sizes of paper (original or photocopy), electronic media, information captured in databases, email and email attachments, optical disk media, CD, photograph and audio, or video tape. Vital records are records essential to the:

- Resumption and/or continuation of operations in the event of a disaster.
- Recreation of the legal and financial status of the entity.
- Fulfillment of the obligations to members, vendors, sponsors, and other parties.

5.1.6 Access to Records: Any member in good standing with CoHEsion may have access to the records of the organization upon written request, except for records relating to personnel matters or containing proprietary information of Sponsors. A request for information must be in writing and specific enough so that the Records Manager will not be overly burdened.

5.1.7 Confidentiality of Association Documents and Data: All records are proprietary information of CoHEsion and distribution of the membership list or other records will be at the discretion of the Board. Appropriate safeguards should be applied to all CoHEsion documents and data.

5.1.8 Storage of Records: All records of CoHEsion should be stored in a prudent manner to protect and preserve them from loss.

5.1.9 Email Records: Always maintain confidentiality when conducting official business through email.

5.1.10 Destruction of Records: Before any records held by a CoHEsion official are destroyed, the official should receive authorization from the Board.

Inventory records should contain identifying information, cost, date of purchase, location, and who is responsible for the item. Assets may be declared surplus and disposed of in a fiscally acceptable manner with the authorization of the President and Treasurer.

5.4 POLICY AND PROCEDURES VERSION NUMBERING

Whenever changes are made from year to year, the major version will begin with version 1.0 and Month Year (Ex: Version 1 February 2022). Each change during that year will increase the sub-version by one (1) (i.e. 1.1). The next version in that year would be 1.2. The change is in the year the edits/updates were agreed upon by the CoHEsion Board. The CoHEsion Board agrees on changes in the next scheduled Board meeting.

6.0 FINANCE AND INVESTMENT

The following guidelines are designed to assure that CoHEsion financial resources are managed in the most prudent manner.

6.1 RESERVES

Reserves of cash and cash equivalents should be maintained to provide for continuity of operations and to protect CoHEsion against unanticipated financial losses resulting from any individual conference. Reserve balances should be maintained in the amount of \$250,000 – \$350,000. To the extent that reserves fall outside this range, the Board will adjust future conference fees accordingly. Except in the most extreme circumstances, the Board will avoid reducing the conference fee from one year to the next.

6.2 CONFERENCE FINANCIAL OBJECTIVES

Conference revenues must cover the direct costs of the conference as well as related planning costs. To satisfy these objectives and ensure the maintenance of adequate reserves, conference registration fees should be set at a rate to generate a three-percent surplus (see the above Reserves constraints).

6.3 INVESTMENT PHILOSOPHY

Three (3) factors influence investment considerations relating to CoHEsion funds. In order of importance, these factors are safety, liquidity, and yield. The Board's primary consideration is to ensure that all financial resources are protected against loss. The Board's investment philosophy is to forego potential income rather than subject any assets to undo risk. The amount of cash held outside of income-producing accounts should be kept to a minimum.

6.4 ALLOWABLE INVESTMENTS

The investment options available to the Treasurer include:

1. Certificates of deposit (CD) offered by banks.
2. Money market funds.
3. U.S. Treasury Notes.

6.5 EXTERNAL REVIEWS

An annual external financial review should be conducted to ensure that all financial matters are in order. It is the responsibility of the Treasurer to arrange for this review. The review will be conducted by a Certified Public Accountant (CPA) with no affiliation to the organization. The year-end financial statements will be presented to the Board by the Treasurer.

6.6 SIGNATURE AUTHORITY

The Treasurer is the main signature authority on checking/investment accounts. Large checks require a second signature. This will be performed by the President for checks over \$25,000. In any case, the President will act as backup to the Treasurer as signature authority when the Treasurer is unavailable.

6.7 INSURANCE

Appropriate liability insurance will be maintained to protect CoHEsion's meeting and conference potential liabilities.

6.8 COHESION CORPORATE CREDIT CARD

6.8.1 Cards: CoHEsion authorizes the use of corporate credit cards for official business for board meetings, conference expenses at conferences, and approved purchases necessary to conduct the business of CoHEsion. The credit limit on the card is not to exceed \$10,000. Cardholders are selected from the current board members.

6.8.2 Guarantor: A volunteer (either the President or Treasurer) is required from the board members to guarantee the CoHEsion credit card. The appropriate records will be filed with the issuing bank

with the board member as guarantor on the account. The account guarantor will receive the first card and request access of the other cards on the account.

6.8.3 Guarantor Protection: A certificate of deposit (CD) will be established in the amount of \$10,000 and exist as long as the corporate card is guaranteed by a member of the CoHEsion Board. The purpose of the CD is to protect the corporate card guarantor in the event that CoHEsion becomes insolvent and is unable to cover any outstanding balances. The CD will be placed primarily in the name of the guarantor and a second signature is required to cash the CD. One of the signatures must be the Board Treasurer. The CD will be established at the shortest term available and will automatically roll. In the event the credit limits on the CoHEsion corporate card are adjusted up or down, the value of the CD will be adjusted accordingly. The face value of the CD will not be lower than the card limit.
