## OUR PLACE

---

2Spirit and Indigenous LGBTQIA+ (2SIQ) community members, no matter how far you are, you have this space to call home.

This land is our place, where we can contribute in community, learn traditional practices, and find healing.

You will be accepted for who you are and will be able to reclaim your cultural identity without worrying about having gender-binary teachings or protocols enforced.

## WHAT WE DO

---

### CEREMONIAL EVENTS

2Spirit Manitoba Inc. will be offering the first 2SIQ Sundance ceremony in Canada in 2023. This Indigenous ceremony will be a open for all 2SIQ community members to dance wherever they feel comfortable in the circle.

Other Indigenous ceremonies will be provided including sweat lodges, sharing circles, fasting camps and others.

### VOLUNTEERING & LAND PREPARATION

We are currently preparing the land for for more opportunities and need volunteers to support our efforts! We are working toward offering workshops and opportunities to set up lodges, plant in our medicine garden, learn sustainability practices, set up tipis, and tending the land. We want our 2SIQ community to feel invested in this space as their own.

### EVENT SPACE

Once our land is fully developed we intend to have this site available to other groups who offer the same or similar services to Indigenous community members.
