Caleb may be able to get enough players to field another team out of Redmond, one of those teams will move to Just Left, concern of filling all 7 teams before adding another.

Venue fees are going to increase to \$400 per team. This has already been discussed with Just Left, need to talk with Redmond and Berts. Venue fees must be collected before the first shoes are thrown. Sterling and Caleb will go to the venues and collect the money.

Player fees will be going up as well. \$75 per player, minimum of \$600 per team. If you have a sub that has played for 12 games (3 weeks), they are now on your team and will need to join the league.

- April 14th -first day of shoes
- July 25th -playday
- September 1st -last day of shoes
